## COMMISSIONERS MEET

The December meeting opened with the presentation of the 1988/89 audit from Margaret Caruthers, Auditor. Ms. Caruthers made a few remarks concerning the condition of town finances. She commended the Commissioners for increasing the undesignated fund equity by \$50,000 stating that such funds were needed in the event of a catastrophe such as Hugo. She also remarked on the fine record of tax collection which she thought was 99.99% but which, she was informed, has actually become 100% since the audit!

Commissioner Johnson reported that to date 48% of revenues have been collected and 32% of expenditures made. Present year's taxes are 46% collected.

Commissioner Roderick reported that a contract with Waste Industries for collection of trash at multi-family sites and commercial establishments is recommended. It provides for twice a week at multi-family dwellings and once a week at commercial. Commercial can contract with the town for more frequent pick-ups at their own expense. The contract was approved.

Roderick also announced that a new dogwood tree, donated by the Appollo Computer Co. in memory of Jack Greata, has been planted in the front of the building.

Commissioner John Shedd gave the Building Inspector's report. There were three new residential permits, eleven miscellaneous permits, and one certificate of occupancy issued.

His reports on the Planning Board, Community Appearance Commission and Board of Adjustment are covered on following pages.
