

COMMUNITY APPEARANCE COMMISSION

Inspection Report May 5 to July 9, 1990

C.O.	3
New Home	2
Tree Removal	3
Misc.Additions	<u>5</u>
	13

To cut down a tree [other than dead or endangered] over two [2] inches in diameter, requires a permit from the Building Inspector.

This may sound like a complicated procedure, but actually it's very easy to get permission.

After placing a call to the Building Inspector, he will respond quickly and review your request.

In failing to get a permit you subject yourself to penalties that could have easily been avoided.

Ch.21-3...any naturally occurring trees, shrubbery, grass, or other naturally occurring vegetation which has been killed, damaged, destroyed or removed in violation of this Chapter shall be restored or replaced within sixty [60] days of notice from the Building Inspector. Each day after the sixty [60] days period that violator fails to perform such restoration or replacement shall constitute a new and separate violation.

Keep in mind the above does NOT include the clearing of underbrush or vines from your property.

M. TURNEY

FROM THE CHIEF

Obtaining accurate information is very important to the police in carrying out their duties. Recently there was some vandalism around town and one very alert resident happened to see it in progress and jotted down the license number! This led to the apprehension of the perpetrators. Chief Crawford wishes to thank that person. All of us can be helpful to the police if we will simply carry along pencil and paper to jot down license numbers when we are out walking or riding around town and observe suspicious behavior.

LOST AND FOUND

Lose your glasses? The office is holding two pairs waiting to be claimed. One is a pair of clear glasses found on Loblolly Drive and the other, prescription dark glasses found at the ocean park.

BOATING GET TOGETHER

Don't forget the big get together planned for July 22 at 4:30 on the island south of "The Bluffs" between markers green 7 and red 8. If you have any questions contact Paul Heim 247-6381 or Hoot Gibson 247-6260. Everybody is invited. Come and bring your friends, some snacks or sandwiches, liquid refreshment, whatever you enjoy. It's going to be a fun time.

WERE YOU COUNTED?

From Census 90.

"Were you and all the members of your household counted in the 1990 Census? Your answer to this question could affect you and your community into the 21st century. The census is used to distribute billions of dollars for roads, jobs, schools, day care and many other needed services.

Be sure we get our fair share. If you think you were missed, call today at 1-800-999-1990 between 7 a.m. and 10 p.m. The line is open seven days a week."
