COMMISSIONERS MEET

The first order of business at the May meeting of the Town Board was the appointment of Robert Gallo as Commissioner in charge of Administration and Finance to fill the unexpired term of Aubrey Johnson. Bob was sworn in by Mayor Hanan after the commissioners voted unanimously to appoint him. All present welcomed him aboard. He comes well qualified for the task, having retired after 30 years with American Can Co. as Manager/Director of Computer Affairs and Finance to come to Pine Knoll Shores.

Commissioner Blanchard, in his report, requested approval of the contract for right-of-way mowing of Highway 58 for which the state will reimburse the town \$1900. He also requested approval of a one year contract with Waste Industries for the coming fiscal year. At \$6.65 per location per month, this contract represents an increase of 6.1% in cost. And finally, he requested approval of the contract for construction of a new 4000 gallon gasoline tank necessary to meet environmental regulations.

Blanchard thanked the Garden Club for their efforts to beautify the town and the town hall grounds. He has received some suggestions for a town seal and will bring these forth when a workshop is scheduled. For anyone interested in this project there is still time to get in on it.

SPRING CLEAN UP COLLECTION OF UNUSUAL ITEMS IS SET FOR MAY 30th. THIS IS FOR LARGE ITEMS NOT USUALLY PICKED UP ON REGULAR DAYS. HOWEVER, PAINT, TIRES, BATTERIES, OR OLD OIL CANNOT BE INCLUDED IN THIS PICK UP.

It may be possible to dispose of some of these items at the staffed recycling site on Hibbs Road. Call Waste Industries (223-6010).

Commissioner Hasulak reported 15 rescue calls, 1 transport, but no fire calls in April. He requested approval of the new Rescue officers: Captain, Teddy Wimberley and Assistant Captain, Max Hileman. Granted.

Three firemen have completed the 120 training bringing the total of state level qualified firemen in Pine Knoll Shores to 9.

Hasulak then announced the HURRICANE AWARENESS PROGRAM to be held on June 17 at 2:00 p.m. This meeting will give you the latest information on how to deal with hurricane danger.
