NO WAKE NO WAKE NO WAKE

The Harbormaster has received several complaints about boats travelling through the canal at speeds which cause considerable WAKE and can cause damage to property such as vessels and shoreline. Also, some boats are travelling through the canal at night without proper lights displayed.

Jet skis have also caused more than a little concern for people living along the canals. The jet skis can cause considerable damage.

Boat operators are advised that any damage caused by improper operation of a vessel is the direct responsibility of the operator of that vessel.

THE ANCIENT MARINERS

Thanks to the arrangements made by the President, Louise Jolitz and Blanche Yancey, 88 people had a most enjoyable time at our kick-off dinner at the Sheraton on September 24th.

Monday, October 7th marked the beginning of our 1991-92 season. We fielded 18 four person teams and rustiness was quite evident after a six month layoff. However, congratulations to Frank Herbst and Betty Haughey for bowling 207 and 188 respectively.
