

Due to repair work to be done on the Oakleaf Drive Bridge during this month, the traffic may be temporarily curtailed. BE PATIENT WITH US!!!!

### **POLICE RESERVE OFFICERS**

Commissoner Musgraave introduced four new Reserve Police Officers: Donald Preston, Martin Bourdeau, Glann Coleman and Robert Rice

### **WE NEED YOUR HELP!!!**

PKS Police need your help! Please do not leave your car unlocked in your driveway or on the street. If you see anything suspicious or unusual, CALL 911 OR 504-4800 (County Communications) IMMEDIATELY! There are two police officers on patrol at all times.

### **WASTE INDUSTRIES SCHEDULE**

As noted in the calendar in the September SHORELINE, the fall schedule of garbage and recycling has begun. The change to garbage every Monday, and recycling every other Thursday began September and will continue thru May, 1996. Garbage collection accounts for about 1/4 of our annual budget. In the summer the increase in the local population requires increased collections. The Commissioners have tried to come up with a program of collection which will be adequate for our needs and still maintain reasonable fiscal control.

#### **For your information:**

During the month of August, Waste Industry collected 16 tons of recycling material in the 2,911 bins serviced for residents.

### **RECREATIONAL AND MUNICIPAL SERVICES ZONES**

The Planning Board is asking for a public hearing before the Town Board meeting on October 10, 1995, for height restrictions of 50 feet in Rec3 and MS Zones.

### **LARGE ITEM PICKUP**

Waste Industries will conduct its semi-annual pickup of large and bulky household items on Thursday, October 19.

Items which will NOT be accepted are:

Tires and batteries

Paint and oil

Gas cans and containers with other residue in them.

Building materials

### **PLANNING AND INSPECTIONS REPORT**

For the month of August 1995, Pine Knoll Shores issued one residential permit valued at \$170,000 and 20 miscellaneous permits with a construction value of \$32,654.

Pine Knoll Shores is offering, upon request, *cursor fire prevention inspections* of single family dwellings. There is no fee for this limited visual inspection. These courtesy inspections will involve a brief review of the premises to identify any actual or potential fire hazard. If any problems are found, suggestions and recommendations will be made to abate the hazard. Again, these inspections are voluntary and will not involve any enforcement activity. Property owners requesting courtesy fire inspections will need to sign an authorization and release form prior to the inspection.

### **COLLEGE REIMBURSEMENT**

A college degree reimbursement opportunity between Town employees and the Town was approved. This agreement will reimburse the employee for college tuition and books in return for the employee's maintaining certain grade averages and staying in the employment of the Town at a full and normal work schedule. After completion of the degree program, the employee must remain with the town for at least two years. If the employee should fail to fulfill the terms of the agreement, the employee will be required to reimburse the town for all monies spent.
