

In 1986 they bought a summer home on Evans Street and lived there until 1993. They are now in their permanent residence here in Pine Knoll Shores.

Their home in Greenville has been turned into the corporate offices of Sunshine Gardens, Inc. Both work fulltime and are looking forward to more free time soon. Both have hobbies in gardening, gourmet cooking, tennis and golf. In their time off, you'll find them working in their yard or garden. If you see them there, feel free to stop by and ask any information you'd like to know about gardening. They'll have an herb and veggie garden and a rose garden.

They really love Bogue Sound and all the coast of North Carolina. Nothing prettier. If you want to see a collection of nut crackers, they have at least 80 or 90.

Betty Lee Foulk

It was my pleasure to interview **Sharon Austin** whose husband, **Jeff**, is the new golf pro/manager of the Bogue Banks Country Club. They moved into 158 Hawthorne Drive several months ago when Jeff accepted a position with the Club. Two kittens, Bud and Bandit, complete their household.

Sharon was born in Burlington, North Carolina, but was raised in Valdosta, Georgia. Jeff was born and raised in Valdosta, Georgia. Most recently they lived in Ocala, Fl, where Jeff was the golf pro/manager for the Golden Ocala Country/Golf Club. Through Jeff's efforts, the Club now ranks among the top 75 golf courses in the country.

While living in Ocala, Sharon kept busy as a docent in a science center, a member of the local garden club, most recently the president, and an active member of the Junior League. Besides all these activities, Sharon worked for Jeff as his administrative assistant.

Although offered a position with another golf club, Jeff drove up to Pine Knoll Shores to look over the BBCC course as soon as the golf pro/manager job was announced. Subsequently he interviewed for the position and was offered the job.

Sharon tells us that Golf is Jeff's work, hobby and pastime along with his love of the Atlanta Braves. Sharon reads constantly, (anyone want to swap books with her?), does needle work, of course plays golf, and takes long walks on the beach. She has already joined the PKS Women's Club and has attended a meeting of the PKS Garden club.

Sharon says they love it here in PKS; the ocean and beautiful beach, the people and the wonderful "safe" feeling that they get. We certainly welcome them.

Judy Poit

WATER REPORT

On behalf of the Water Committee and the Board of Commissioners, your Board would like to thank you, the residents, for your vote of confidence in approving the Water Bond Referendum. As to those residents who voted against the Water Bond Referendum, we, the Board, respect your expression and hope that your vote was a result of your convictions and not made based on the lack of information nor based on incorrect facts. We, the Board of Commissioners, would like to reach out to all residents, those who voted for the Referendum and those who voted against it, and assure each of you that your Board will not approach this project lightly. We will continue to investigate all differences of opinions and provide, to the residents of Pine Knoll Shores, the best solution to the water situation.

We, the Board of Commissioners, would therefore like to correct some of the misinformation that we have heard.

1. As presented on a number of occasions and published in the September issue of the Shoreline, even though the Town will be using Tax Bonds, this **does not** mean that your taxes will go up
