### **RECYCLING!!!**

The new recycling container for plastic flower pots is in place behind Town Hall. It is labelled "FOR PLASTIC FLOWER POTS ONLY." The pots to be recycled should be 4" or larger. Munden Garden Center will service this bin. This recycling project is part of the Garden Club Ecology and Conservation Project for 1996. Maggie Johnson has made the arrangements.

#### **MESSAGE FROM CHIEF CRAWFORD:**

One of our residents called the Police Department and inquired if we had heard of anyone receiving calls from New Jersey Prisons. Apparently the AT&T operator wanted to know if he would accept the call. If so, they had to give some information and accept the call. These scams are going on, so beware of what you say over the phone, and don't accept anything that sounds too good to be true. It might not be true and you could be out a lot of MONEY.

#### **DIRECTORY UPDATE**

We ask all PKS property owners' associations to inform us of changes in officers or managers as they happen. We keep a record in our Town Directory of managers and/or contact persons for each organization. This is especially helpful when notifying of special meetings and in emergencies.

### **Welcome New Residents**

Ray and Mary Rice moved into their lovely home at #6 Fairway Court in mid-December. They moved here from West Islip, Long Island, New York. Ray retired as an engineer from Grumman Aerospace (now Northrup Grumman) and Mary retired from the West Islip Public Schools where she worked in the guidance department at the High School.

Ray and Mary were introduced to this area by their son, Tom. Tom had been stationed here in the Coast Guard and had bought a home in Pine Knoll Shores on Holly Road. Ray and Mary came to PKS to visit Tom and also Paul and Mary Heim. Ray had worked with Paul at Grumman. It was February; they played golf and enjoyed the warm temperatures. Ray and Mary asked Tom to look for a house for them and they found the perfect house nestled next to the fairway on the 18th hole.
