

EMS WEEK MAY 17 to 23, 1998

COME AND JOIN US
ON SAT, MAY 23 - AT BROCK BASIN
NOON TO 3:00 PM

Each year during EMS Week the Pine Knoll Shores EMS and Fire Departments join to greet PKS residents and to give them an opportunity to talk with the individual members. Hopefully we can all benefit from this dialog and learn how we can work together to respond to your emergency needs.

This year the Carteret County Fire & Rescue Chiefs Association has made the Children's Fire Safety House available for our use. Lt. DeVan Barbour of the PKS FD will be on hand to teach fire safety and to show children and adults how the house works. There will also be Ambulances and Fire Engines on display and EMS Squad members will be available to check your blood pressure.

We look forward to seeing you all. There will be hot dogs and soft drinks provided by the EMS and prepared by the Fire Auxiliary and cup cakes courtesy of the PKS Women's Club.

WE'RE THERE BECAUSE WE CARE
