

Join the N.C. Aquarium Society in November for an exciting trip to Mexico and the legendary Sea of Cortez.

Departing from the southernmost point of Cabo San Lucas, travelers will spend eight leisurely days exploring hidden bays and remote islands of this wildlife-rich region. Sea lions, whales and dolphins frequent the warm turquoise waters, and Zodiac landing craft will ferry you ashore for beachcombing and snorkeling.

Experienced naturalists will lead inland expeditions to explore fascinating desert landscapes, where giant cactus plants tower fifty feet into the air and rare species of birds and mammals are found.

An optional four-day train adventure through Mexico's spectacular Copper Canyon is also available aboard the South Orient Express, eight vintage railroad cars restored to the original glory of a bygone era. Dropping from 8,000 feet to sea level, travelers view the grandeur of the Sierra Madre Mountains from glass-domed observation cars.

The trip runs from November 20 - 27, with the optional precruise Copper Canyon trip November 16 - 20. For details, call Mark Joyner at 1-800-832-3474.

**Hours are 9:00 a.m. to 7:00 p.m. daily.**
