

## Welcome New Residents

Last January, **Bob and Grace Marshall** moved into their lovely home at 104 Loblolly Drive from Coventry, Connecticut. Bob had retired from Digital Equipment where he sold computers. Grace was a teacher, later she worked in a library and was a tutor of English-as-a-second language for Vietnamese students. She also was a homebound teacher.

They are officially part of the "Connecticut Group" – Bob and Maureen Danehy, Lorraine and Marty Kiel, and Barbara and Fran Zaik. And yes, there are more to come. Bob and Grace were considering Florida for their retirement home, but while visiting Lorraine, they fell in love with North Carolina. They came down last year looking for a house, but found nothing. Last winter Maureen Danehy called them one night with the perfect house, the one right next door to the Danehy's, and they drove straight down from Connecticut and bought the house.

They have two children. Their son, Mike, was just married and lives in Natick, Massachusetts. Their daughter, Colleen, works for a newspaper and lives in New Hampshire.

They have joined the BBCC. Bob plays golf with the "Half Rounders" and Grace is just learning. Bob loves to windsurf. They had a boat in Connecticut and did a lot of water skiing with the children, but now windsurfing is his love. Grace is an avid reader and loves to walk the beach. They just love Pine Knoll Shores, especially the "Carolina" blue skies and bright sunshine.
