

If you're a shell collector, you won't want to miss the N.C. Shell Club Exhibition at the Aquarium on Sept. 13-15. The club gathers for its annual meeting at the Aquarium, and the agenda includes a public exhibition of members' exotic and unique collections. Displays will be open to the public from 10 a.m. to 5 p.m. Sept. 13, 9 a.m. to 5 p.m. Sept. 14, and 9 a.m. to 2 p.m. Sept. 15. Admission is free with paid admission to the Aquarium.

If you'd rather fish than look for shells, bone up on your surf fishing skills during the Aquarium's annual Surf Fishing Workshop. Now in its twelfth year, the weekend workshop is set for Oct. 11-13. Instructors will be surf fishing experts Joe Malat and Mac Currin. Because of the program's popularity, early registration is advised. Call the aquarium at 247-4003, ext. 126, for complete details.

Fall migration means changing of the guard in the bird world, and the Aquarium will begin its Fair Weather Birding trips on Sept. 27. Designed for beginning birders, the trips include popular sites for spotting shore birds and waterfowl. Experienced and novice birdwatchers are welcome. Call the Aquarium for times and details.

Other Aquarium outdoor field trips, such as canoeing, river cruises and onboard trips, continue through the fall months, and if your youngster, age 5-10, is celebrating a birthday think about an Aquarium Birthday Party. The party package includes admission to the Aquarium, a 45-minute education program and use of a classroom for the party. For details, call the Aquarium's special activities coordinator at 247-4003, ext. 151.

For a complete list of the Aquarium's fall activities, stop by and pick up a calendar, or call 247-4003 to request a calendar by mail. As of Sept. 1, the Aquarium calendar will also be on its website, www.ncaquariums.com.
