

## Evacuation Assistance Requires Registration

Any Pine Knoll Shores resident who will need assistance to leave Town to go to a safe refuge when a hurricane threatens needs to complete a form that will be filed with the Emergency Medical Service at the Public Safety Building on Salter Path Road.

The information needed includes the name of the person, age, medical history, address, phone number and the destination of safe refuge. When the need arises, a date and time for transport will be scheduled by the EMS, but arrangements for accommodations at the place of refuge are to be made

by the resident being transported or by a family member.

The EMS will not transport anyone more than 25 miles from Pine Knoll Shores, and all transports will be scheduled before or during a "Hurricane Watch." Once the threat level is elevated to "Hurricane Warning" status no transports will be scheduled.

For additional information, please call the PKS Fire/EMS Department at 252-247-2268.
