Heroes on the Water

By Dan Law, Patrick Curley & Hilanne Myers

Over a million injured military veterans who served in the United States Military are hurting and need our help. Five years ago, Heroes on the Water (HOW) was founded with a single purpose: to help wounded warriors relax, rehabilitate, and reintegrate with society through kayak fishing and the outdoors.

Compared to previous wars, injuries far outnumber deaths in the recent war on terror. As a result of modern technology, specifically protective clothing, helmets and the advances of aeromedical evacuations, injured military personnel are surviving and returning home to the United States with both visible and invisible injuries. A majority of them return physically and emotionally devastated, uncertain about their future--and vulnerable for the first time.

Angel Tree Project a Success!

By Phyllis Makuck

Thanks to the efforts of so many who volunteered, sponsored angels and/or donated money, the 2012 Project Christmas Cheer Angel Tree at Shepherd of the Sea Lutheran Church in Atlantic Beach was a big success. Carteret County's Project Christmas Cheer had 873 applications—175 seniors (37 more than in 2011); 1,097 adults; and 1,405 children (74 more than 2011). Shepherd of the Sea made angels for 180 of those children. With approximately 20 volunteers from Shepherd of the Sea, St. Francis by the Sea and the community at large working approximately 100 hours, all those angels had a merry Christmas.
