

PKS to Honor Vietnam Veterans

(Continued from page 1)

The committee chair on this effort is Craig Letchner, a Vietnam veteran himself. We are asking all Pine Knoll Shores Vietnam-era veterans to identify yourselves. To help facilitate this, we ask that you call Craig at 622-4747 and leave a message so he can connect with you. We want to honor you and thank you in an appropriate fashion.

In addition, it is vital that we get an accurate headcount for the dinner at the country club. Our Vietnam-era veterans will be our guest for dinner; the cost for family members and those coming out to show support and appreciation to our veterans will be \$50. Please be sure to call the number above by September 10 to let us know how many will be attending the dinner.

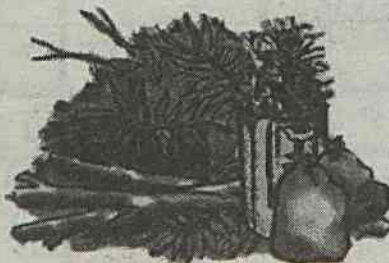

Community participation is needed to make this long-overdue recognition a success. Contributions should be made payable to "PKS—RVN Event," may be designated in memory or in honor of a specific veteran and can be delivered or mailed to the Town of Pine Knoll Shores, 100 Municipal Circle, Pine Knoll Shores, NC 28512.

Thank you in advance for your support.

Storm Debris Procedures

Following a hurricane or other storm event, the rules for debris pickup are relaxed to enable homeowners to clean up as quickly as possible. Below are reminders of how it works:

- A pickup is scheduled immediately after a storm, and another is scheduled following the weekend after the storm to allow second-home owners to get to the area to clear their properties.
- "Packaging rules" are suspended for vegetative storm debris. Long branches may be left for pickup, and there is no requirement for tying the bundles.
- Structural debris (docks, boards, construction elements) should be stacked in a pile separate from vegetative debris.
- As is required for normal yard waste, storm debris should be placed in the town right of way in front of *your own* property. It had been suggested that it is acceptable to stack debris in the center of a cul-de-sac. After further consideration, it has been decided that *debris stacked in the road is not acceptable because it can cause an access problem for emergency equipment and some post-storm services.*
- Debris should not be dropped off at Lot C adjacent to the Public Safety Building. This drop-off site is provided for the convenience of property owners and residents, but we do not have the capacity there to handle the volume a storm produces.
- Once the final storm pickup for your location is complete, normal rules for cutting/tying debris resume.

PUBLIC SAFETY

Police

In July, there were 10 arrests, 22 incident reports that were generated from citizen calls or officer observations, 26 incident reports that required further investigation, 13 investigations that were either closed or cleared, 54 state citations including moving and non-moving violations, 54 written warnings issued, 52 verbal warnings issued, 127 business checks, 135 residential checks and 176.5 officer training hours in schools or classes.

Fire & EMS

During July, personnel participated in 284 training hours. There were 2 fires, 34 rescue and emergency medical service calls, 4 hazardous conditions (no fire), 2 service calls, 1 good-intent call, 17 false alarms or false calls, 3 severe weather and natural disaster calls and 1 special incident (not specified).

REMINDER: Lock your doors, especially your vehicles, and do not leave valuables in sight. Report suspicious vehicles or persons to the police.
