

## Mention Around the Mills

### Nantucket Building

By Nellie Kirby

Asked "Red" Byrd to pinch-hit for me this week and write my column. He wanted to know how I thought he would have time to write for the paper when there is a shortage of help in his department, and among other things that require his valuable time are his daughter "Little Red" and a new wife. He says he doesn't even have time to write a letter much less try to think up scandal for the paper.

Welcome to Hazel Gunn, Laboratory and Inez Land, Wage Bureau.

This isn't news because it happens too often—but the Personnel Office force spent last Friday night in Fieldale working on another Military Secret.

Misses Cuma Odell and Lillian Newnam spent last Saturday in Greensboro shopping and attended the Jeanette McDonald concert that night.

A chest X-ray is a part of the medical examination of all men before induction into military service. This step aims to protect our armed forces from tuberculosis, a disease which in World War I cost our government approximately a billion dollars in compensation, vocational training, insurance, and hospitalization for disabled veterans.
