

**Company Movie
To Be Shown Soon**

Of much interest to all employees of the Company will be the motion picture "The Crest of Quality," a film that was made in our mills and New York show rooms. This picture presents in detail the story of our Fieldcrest products, and is being used as a medium to carry the story of Fieldcrest products to retail stores all over America.

Every employee should see how we present our story to the people who carry our goods to the consumer. In short, the picture will give a step by step story of the product in its raw stage to the finished product as it is offered to consumers in retail stores.

Since the picture was filmed in mills here, there will be, of course, many employees shown in the film, which will give it added interest.

The picture will be shown in Fielddale, Draper, Leaksville and Spray on dates shown below. Watch the bulletin boards for further announcements. Foremen will be furnished with tickets to be distributed to employees in the Leaksville, Spray and Draper areas.

DAD AND HIS BOYS

Jasper Combs

Nelson Combs

Brantley Combs

Alfred Combs

A proud Dad is Jasper Combs, of the Blanket Mill, surrounded by his three boys, all of whom are in the Navy. The boys are Brantley, Nelson, and Alfred Combs and all have seen a good deal of fighting these past three years. Incidentally, two of the boys, Alfred and Brantley, met in a foreign country a few weeks ago, marking the first time they had seen each other in 18 months. We'll bet they had a good time!

Cute Nurse: "There is a sailor in my ward who hasn't attempted to make love to me yet."

Second Nurse: "One of mine is unconscious, too."

Son: "My girl and I have been having quite a tiff. Do you think women prefer men who give in to them, or the other kind?"

Dad: "What other kind?"
