RAYON MILL

(By Virginia Hurd)

Sure was nice having Grover Matlock visit us at the mill. Mr. Matlock, our canteen man, has been away several months due to illness. He is expecting to come back to work soon.

Among the vacationers:

Mr. and Mrs. Cyril Hudgins and Mrs. Harry Hudgins in Philadelphia.

Mr. J. G. Halsey and family in Nantucket, Mass.

Lucinda Martin at home.

Valma Hall at home.

We are sorry to learn that Lucille Stephens' mother, Mrs. W. J. Stephens, is a patient in Martinsville hospital. Hope she'll soon be better.

Welcome to Everette Jones, a new employee in the shipping department.

Vurble Bateman is leaving September 22 to enter the army. He is the first person drafted from the Rayon mill. Best of luck to you!

1,653 Employees Get Free Chest X-rays

Virginia Hurd is shown receiving a chest X-ray at the Rayon Mill. An X-ray survey for tuberculosis control was conducted in the Spray and Leaksville plants August 28 through September 6. A total of 1,653 Fieldcrest employees received free chest check-ups. A private report will be mailed soon by the County Health Department to each individual who had a chest X-ray.

The free X-ray service was provided through the joint efforts of the County Health Department, Fieldcrest Mills and the State Board of Health. Such X-ray surveys have also been conducted at the Fieldale, Va., and Draper mills within the past 12 months.
