

# Shop Group Holds Annual Dinner

The fifth annual reunion dinner for retired employees was given by members of the Finishing Mill Plant Service Dept. at Moore's Grill Saturday evening, June 26. M. W. Hayden, foreman, presided during the informal program. Preceding the invocation a minute of silent prayer was observed in memory of deceased members.

Brief talks were made by Mr. Hayden and by D. S. Archer, master mechanic. Each of the retirees present spoke briefly in appreciation of being remembered each year by his former associates in the department. Several other members of the department were called on for brief remarks.

Plenty of amusing stories were heard as this group got together when the Finishing Mill Plant Service Dept. held its annual dinner for the department's retired employees. M. W. Hayden, foreman, is shown at left and D. S. Archer, master mechanic, is at right. Retired employees shown in center are B. F. Lee, George W. Kinkston, G. H. Wood and B. I. Nance.
