

## Members of the Fieldcrest Team

**JAMES BYRD**  
... Towel Mill Office ...

A clerk, James Byrd performs various duties in the Towel Mill office. He is shown as he operates the recently-installed teletype machine for communications between the Towel Mill and other Company locations. There are regular "openings" four times a day during which time messages are sent and received, plus special openings.

Mr. Byrd assists with the billing of goods shipped to customers, keeps cotton warehouse records and "pays off" the Carding and Spinning Depts. when weekly paychecks are distributed. He also issues bonds purchased by employees under the Payroll Savings Plan.

By doing a variety of tasks carefully and rapidly he aids in the smooth operation of the office and mill and thus makes a contribution to the success of the Company.

**CHARLIE Z. ROBERTS**  
... Finishing Plant Service ...

Charlie Z. Roberts, night watchman, makes hourly rounds through all of the mills, offices and warehouses in the central Spray area. He must be on the alert to detect fires, steam leaks, water dripping and any situations that threaten danger to personnel or damage to goods or equipment. He must be on the lookout for burglars, hoodlums or other unauthorized persons in the buildings or on the property.

He must be courteous in admitting those who have a right to enter the gates and must be firm in refusing admittance to persons who have no legitimate business inside the buildings. Watchmen are chosen for their honesty and dependability and good judgment. They have a big responsibility and perform a valuable service in protecting Company property from fire, theft and other damage or loss.

## FOLKS YOU KNOW

Charlie Millner, car loader at the Blanket Mill, handles every roll of cloth made in the mill and shipped to the Finishing Mill by railway car. A conveyor brings the rolls up to the car from the Inspecting Dept. and Charlie, who spends all of his time inside the car, takes the rolls from the conveyor and stacks them in the boxcar. He loads, in this manner, nearly two carloads each day.

A native of Rockingham county, Charlie first worked for the late Ben Seay, foreman of the yard crew, which in former years did the loading. Charlie has worked on various jobs in the Blanket and Sheeting mills since he first joined the Company in 1931. He has a good record with the Company as a hard worker and one who can be depended upon to be on the job every day.

**CHARLIE MILLNER**

## Watch Children

At anytime of the year children are a hazard to the motorist. Unpredictable, lacking the judgment of maturity, their presence in or near traffic demands ceaseless care and vigilance on the part of all drivers.

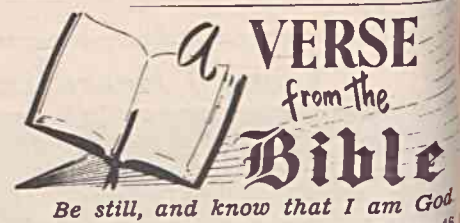

It pays to look your best before crossing the street.

## SMILES

A young bride proudly placed her first turkey on the Christmas table. "Ah, that looks wonderful, sweetheart," said her husband. "What did you stuff it with?"

"Stuff it? Why, darling, this one wasn't hollow".

\*\*\*\*\*

Patient in the Institution: "I dream every night about baseball."

Doctor: "Don't you ever dream about something else? Girls for instance?"

Patient: "What? And miss my turn at bat?"

\*\*\*\*\*

Thrift is a wonderful thing—and one who hasn't wished his ancestors had practiced it more!

\*\*\*\*\*

Fellow to blonde at cocktail party: "May I join you?"

Blonde: "Am I coming apart?"
