## Karastan Employee Gets Red Cross Honor

Mrs. Lottie Frith, an employee of the Karastan Office, has established an outstanding record as a Red Cross nurse's aide. She has devoted over 500 hours to this work at Tri-City Hospital.

She was honored by the local Red Cross chapter recently and was awarded her second nurse's aide stripe emblematic of 500 hours of service.

Mrs. Frith became a nurse's aide after completing a 40-hour course sponsored by the Leaksville-Spray-Draper chapter, American Red Cross. That was in early 1956. She received her uniform and began her service at the hospital in June 1956.

She was supposed to devote 150 hours a year to the work. Since this would require only 300 hours by June of this year, she is running well ahead of schedule. Moreover, she has no plans to let up.

She said she welcomed an opportunity to become a nurse's aide because she always thought she would like nursing. "I am glad to be of service and hope to be able to continue to help someone by being a nurse's aide," she said.
