

ITT Students Study Fieldcrest Operations

At Bleachery, ITT visitors watch Elsie Harpe inspect and fold sheets. T. E. Gibbons, guide, is shown at right.

During tour of Finishing Mill, group hears explanation of continuous washer by guide W. E. Schacht (extreme left).

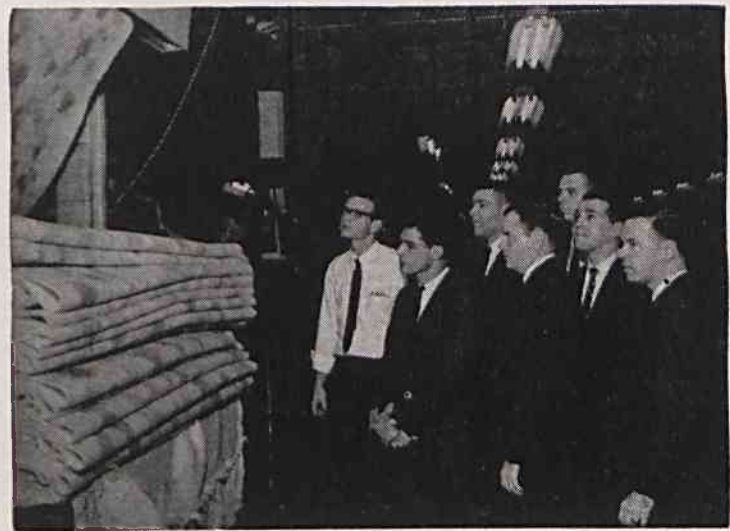

At luncheon for the ITT group at Meadow Greens Country Club, the visitors heard talks by members of Fieldcrest management regarding the Company's policies and procedures.

Attending the luncheon with the visitors were ITT graduates who are now associated with Fieldcrest Mills.

These were W. D. Hicks, quality control supervisor at the Karastan Rug Mill, W. O. Stone, foreman of wool spooling, warpin' and spinning, Blanket Mill, both graduates of ITT; and J. E. Dougherty, director of research at Karastan, formerly a professor at the Institute. N. F. Young, assistant superintendent of the Bleachery, another ITT graduate, was absent. Fieldcrest Mills is a member-company of the ITT, a graduate school in textiles supported by the industry for providing advanced training in textile technology and for research.

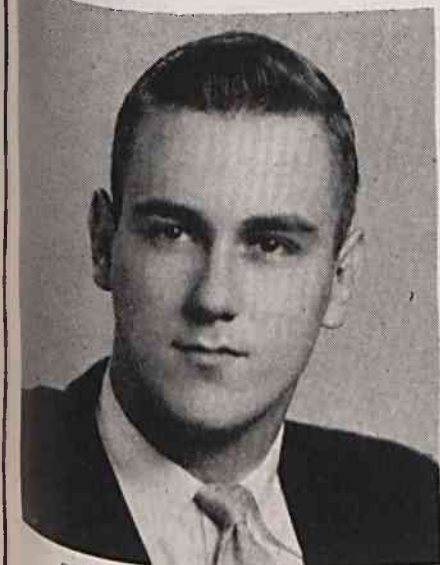

Eighteen students from the Institute of Textile Technology at Charlottesville, Va., led by Dr. L. H. Hance, president of the Institute, were recent visitors at Fieldcrest Mills.

The visitors were conducted on tours of all of the mills and offices and the research and quality control laboratories, providing them with an opportunity to observe modern processes and methods employed by Fieldcrest in producing textiles.

Also during Finishing Mill tour, students observe operation of Gessner nappers. At left is J. R. Hall, Jr., guide.

Employees' Son In Inaugural Honor Guard

Staff Sergeant Glenn T. Wilson, son of Mr. and Mrs. R. G. Wilson, both of the Karastan Rug Mill, served in the honor guard at the inauguration of President John F. Kennedy last Friday, January 20.

He was one of the five airmen from Dover Air Force Base, Dover, Del., chosen to serve in the honor guard.

All service men participating in the President's inauguration had to meet demanding criteria and were selected on the basis of appearance, military bearing, conduct and performance of duty.

Staff Sergeant Wilson has been in the Air Force for seven years. He at one time was employed in the Specials Department at Fieldcrest.

His father (Eob) is employed in the Karastan Shipping Department, and his mother (Wilma) is secretary to J. E. Troy, director of product development at Karastan.

Top Weavers, Fixers Named At Towel Mill For Recent Periods

The Towel Mill's "top" quality weavers and loomfixers are listed below for the most recent periods of record.

Weavers—W/E January 8

Dobby Terry Clay Merriman
