

\$12,544 Contributed By Towel Employees

Employees of the Towel Mill at Fieldale, Va., pledged a total of \$12,544.79 in the recent Fieldale Community Fund Campaign.

Of the 1202 employees solicited, 964—or 80.5 per cent—gave a day's pay or more to the Fund. An additional 85 employees made contributions of less than a day's pay.

Considering all contributions, 87.5 per cent of the Towel Mill employees participated in the campaign.

Certificates of Merit, given by D. A. Purcell, Towel Mill manager, were awarded to eight departments in which 100 per cent of the employees pledged a day's pay.

Departments receiving certificates were: Cloth Room, Dyeing, Bleaching, Cost Department, Standards Department, Warehousing and Shipping, Personnel - Lodge - Village, and Burns Guards.

Instead of one grand prize, four smaller prizes were awarded in drawings among all of the Towel Mill employees who pledged a day's pay or more. The names of all employees who contributed a day's pay were thrown into one lot and four drawings were held in four different locations in the mill.

Prize Winners Listed

Prizes were awarded as follows: Beatrice L. Shelton, Spinning Department, a towel set; Mary B. Sheffield, Shipping and Warehouse Office, an automatic blanket; Ruby S. Watson, Sewing Department, a bedspread; George L. Horsley, Spinning Department, sheet and pillow case set.

Edgar Gordon, foreman of the Dyeing and Bleaching Department, was general chairman of the drive and was assisted by the supervisors in the various departments.

Under the Fieldale plan, only one solicitation is conducted each year in the Towel Mill. The money raised is used for the Community Fund and for other authorized fund drives including the Heart Fund, Cancer Fund, March of Dimes, and the Martinsville-Henry County United Fund.

The funds are administered by a committee composed of representatives from each department in the mill.

100% Day's Pay

A final review of the results shows that the Domestic Product Development Department should have been included in the list of departments and sub-departments in which 100 per cent of the employees contributed a day's pay or more in the recent Tri-City Community Fund Campaign.

All 11 members of the department gave or pledged a minimum of a day's pay and the department has been awarded a Certificate of Merit by the Tri-City Community Fund.

Organization Changes Are Made

HAVEN H. NEWTON

... Principals In Organization Changes In Industrial Relations ...

DONALD F. CARSON

Haven H. Newton, of Smithfield, personnel manager for the Automatic Blanket Plant and the Karastan Spinning Division at Greenville, has been promoted to manager of employee relations in the Industrial Relations Department at Spray.

He will assume his new duties here about December 15 and expects to move his residence to the Tri-Cities shortly thereafter.

Donald F. Carson, formerly with the Rheem Manufacturing Company at Sparrows Point, Maryland, has been employed to replace Mr. Newton at Smithfield and Greenville. Mr. Carson for the past few weeks has been undergoing a period of training preparatory to assuming his position at Fieldcrest.

Formerly at Draper Mills

Mr. Newton has been with Fieldcrest since September, 1957, and was industrial relations representative at the Blanket and Sheeting Mills before his transfer to Smithfield in April, 1960.

He is a native of Burlington, Vermont, and received his A.B. degree from Brown University, Providence, Rhode Island, and his master's degree in personnel administration from George Washington University in Washington, D. C.

Following his graduation at Brown, he enlisted in the Army at about the time the Korean hostilities were beginning. He attended Infantry Officers Candidate School at Fort Benning, Georgia, and finished second in his class. He was sent to Korea where he served as a first lieutenant with the 25th Division.

He joined the Hecht Co. in 1954, starting in the employment office of the F Street Store, in Washington. He was promoted shortly afterwards to personnel manager of the Parkington Store.

Mr. Carson was born in Duluth, Minnesota, and received his B.S. degree

from the University of Minnesota in 1953. He served in the Navy from August, 1953, until August, 1955, starting as an ensign and returning to inactive duty with the rank of lieutenant (j.g.).

He entered the graduate school of business administration at the University of Virginia, Charlottesville, upon his return from the Navy and received his M.B.A. degree there in June, 1957.

He was with Westinghouse Electric Corporation in Pittsburgh in that company's Executive Development Training Program until January 1, 1959, and from that time until he resigned to join Fieldcrest Mills, he was assistant personnel director for the Rheem Manufacturing Company at Sparrows Point.

Mr. Carson is married and has two children, ages one and three. He will move his family to Smithfield as soon as housing arrangements can be completed.

The Federal Government could pay off the national debt if it could collect about \$1,600 from every man, woman and child in the country.

For the average man, with a wife and two children, this would mean \$6,400!
