## Towel Mill Recognizes Top Weavers, Fixers

The Towel Mill's leading weavers and loomfixers are listed below for the most recent periods of record. The mill gives recognition each week to those operators with the best performance.

The "Weavers of the Week" are those with the lowest percentage of seconds with respect to the standards for the various loom groups.

The top loomfixers are determined through a combination of low seconds and high loom efficiency on the sections for which they are responsible.
