

# Eggleston, Marlowe Get New Assignments

In recent organization changes in the Standards Department, Max W. Eggleston, supervisor of industrial engineering at the Karastan Spinning Division, Greenville, was transferred to Draper as supervisor of industrial engineering at the Blanket and Sheeting Mills.

Mr. Eggleston succeeds Reuben H. Garrett, long-time supervisor of industrial engineering at the Draper mills, who was transferred to the Central Standards Department in the General Offices at Spray.

James L. Marlowe, assistant supervisor of industrial engineering at the Blanket and Sheeting Mills, was transferred to Greenville as supervisor of industrial engineering at the Karastan Spinning Division, replacing Mr. Eggleston.

Mr. Eggleston was born at Spray and joined Fieldcrest in 1950. He first was employed at the Automatic Blanket Mill, Spray, and then worked on various production jobs in the Wool Spinning Department at the Blanket Mill.

He worked for a time as a control tester at the Blanket Mill and in 1953 became a standards engineer. During the next several years he was engaged in standards work at the Blanket and Sheeting Mills, Bedspread Mill, Bleachery, Finishing Mill and Central Warehouse.

He was transferred to the Karastan Spinning Division at Greenville in September, 1960, where he was industrial engineering supervisor until his transfer to Draper.

Mr. Eggleston married the former Jean Sawyers of Leaksville and they have two sons, ages 11 and seven. The

MAX W. EGGLESTON

Egglestons have sold their home at 1712 Englewood Drive in Greenville and will move to the Tri-Cities within the next two weeks.

Mr. Marlowe, a native of Leaksville, worked in the Blanket Mill Wool Carding Department while attending high school and was permanently employed there in 1936. He was a card stripper, finisher tender, fixer and lot man and in 1940 was promoted to foreman of the Wool Picking Department. He became superintendent of the Automatic Blanket Mill in 1949 when that operation was first established as a separate mill unit.

During the period 1951-62 he was in the Standards Department, serving as

JAMES L. MARLOWE

an engineer at the Karastan Mill, the Central Standards Department, the Bleachery, Finishing Mill and Central Warehouse. He was appointed assistant supervisor of industrial engineering at the Draper Mill in 1962 and served in that capacity until he was transferred to Greenville.

He married the former Doris Heflinger, of Danville, Va., and they have two married sons, a daughter attending Averett College, Danville, and a daughter in junior high school. The Marlowes will move to Greenville about June 15.

## Towel Mill Leaders

## Fieldcrest Men Attend N. A. A. Meeting At Spray

Members of the Piedmont Chapter, National Association of Accountants, held their annual ladies night and installation of officers recently at Meadow Greens Country Club. A number of Fieldcresters attended, mainly from the Cost Department and the Towel Mill.

In the picture above, D. A. Purcell

(center), manager of the Towel Mill, greets Fred Zahn, of Dan River Mills, chapter president for 1964-65. At right is George L. Caraway, supervisor of mill accounting at the Towel Mill, a past president of the chapter. Mr. Caraway currently is a director of the national association.
