

DARRELL C. STEAGALL

WILLIAM GALE RHODES

GLEND A OVERBY THOMPSON

## Fieldcrest Scholars Graduate With Outstanding Records

Three students who received Fieldcrest Scholarships in 1961 have graduated from their respective colleges, each with a high academic rank and a record of outstanding accomplishments.

They are: Glenda Overby Thompson, daughter of Mr. and Mrs. John H. Overby, the father employed at the Bedspread Mill; William Gale Rhodes, son of Mr. and Mrs. Carl D. Rhodes, the father employed in Domestics Designing; and Darrell C. Steagall, son of Mr. and Mrs. J. J. Steagall, the father employed at the Bedspread Mill.

Glenda Overby, who was married June 6 to Harold Edgar Thompson, graduated cum laude from the University of North Carolina-Greensboro with

an A.B. degree in mathematics. She was a senior marshal, a member of the Mathematics Club and Student Education Association, a Dean's List student and a participant in the Honors Program. She will teach math in the Martinsville, Va., high school this fall.

William Gale Rhodes, graduated with high honors from North Carolina State University at Raleigh. He received a B.S. degree in applied mathematics with a minor in chemistry.

He compiled an A-minus average and was a Dean's List student during each of his eight semesters at State. He was a member of the honorary mathematics fraternity of Pi Mu Epsilon and the National Honor Society of Phi Kappa

Phi, the highest scholastic achievement at State. He will begin studies leading to a Ph.D. degree in organic chemistry in September at the University of North Carolina at Chapel Hill on a National Aeronautics and Space Administration fellowship. He will be employed at the university this summer as a laboratory technician.

Darrell C. Steagall, a graduate in textile technology at North Carolina State University at Raleigh, led the parade of award recipients in the Textile School, receiving three.

He received the Delta Kappa Phi textile fraternity award as the "Outstanding Senior of the Year". He was chosen by a vote of his classmates in recognition of his service and interest in the activities and advancement of the School of Textiles. The award consists of a plaque to Mr. Steagall and his nameplate on a permanent plaque in the school.

He also was the recipient of the North Carolina Textile Manufacturers association award as "Most Outstanding Senior" selected by the School of Textiles faculty. The award, an engraved wrist watch, recognizes excellence in scholarship, industry, leadership, judgment, reliability and interest in the welfare of the School of Textiles and fellow students.

The third award received by Mr. Steagall was the Textile Forum Technical Journalism award of a silver cup for outstanding achievement, one of the two awards are given by the "Textile Forum," student publication of the School of Textiles.

Mr. Steagall was employed in the Standards Department at the Karastan Mill at the time he received the Fieldcrest Scholarship. His wife, the former Patricia Cochran, of Spray, also was employed at the Karastan Office. Mr. Steagall has accepted a position with Carlton Manufacturing Company at Cherryville.

## 260 Pints Needed On June Bloodmobile Visit

Employees of the Blanket and Sheet-ing Mills will be solicited and asked to give blood when the Bloodmobile visits the First Methodist Church at Draper Wednesday, June 23.

Also, the heads of other industries and businesses in the Draper area will be contacted and requested to obtain donors from among their employees and the employees' families.

The Tri-City Blood Program needs 260 pints on the June 23 Bloodmobile visit in order to meet the usage of blood for Tri-City patients.

The Leaksville - Spray - Draper Red Cross chapter has been officially notified that the local program is badly in arrears and that extra efforts must be made to overcome the deficit. It was pointed out that the Tri-Cities were 77 pints behind the usage at the end of April.

Since blood is being used at an average of 92 pints per month and there was no Bloodmobile visit in May, the 260 pints needed must be collected on the June 23 visit.

"Our program is in real bad condi-

tion," said John G. Cunningham, co-chairman of the Tri-City Blood Program. He urged a large turnout of donors for the June 23 visit and stressed the need for new donors in addition to those who donate regularly in the program.

Mr. Cunningham said the Blood Program will have to have donors from Spray and the Central Area as well as Draper on the June 23 visit in order to obtain the amount of blood needed. Leaksville will have a Bloodmobile visit August 5. Since donors must wait eight weeks after giving blood before they can give again, Leaksville donors will be unable to give at Draper.

Taking the lead in the donor recruitment campaign will be the Draper Y's Men's Club, with assistance from the Draper Firemen, Draper Boy Scouts, the Leaksville-Spray Y's Men's Club and the Tri-City Ministerial Association.

In addition, the members of the Leaksville-Spray Junior Woman's Club will again conduct a telephone campaign to obtain donors and to remind donors of their appointments.
