

New Assignments

The following changes in organization and assignments in the Industrial Relations Department are effective May 1:

R. L. Moore is promoted to regional personnel manager, replacing D. F. Carson who has resigned. All individuals presently reporting to Mr. Carson will report to Mr. Moore.

E. R. Ellis is named employment manager-Eden and will continue to report to R. L. Moore.

M. B. Franklin assumes the position of manager of compensation and personnel planning. He will continue to answer to the Corporate Salary Committee on salary administration matters, but will assume additional responsibility in the area of personnel planning and management development, reporting to Dr. William McGehee, director of personnel research and development.

J. T. Carter will become manager of employment. He will have primary responsibility for recruitment and orientation of exempt salaried personnel and for corporate employment procedures. Mr. Carter will continue to report to the director of personnel research and development.

* * * * *

In the Business Information Department, A. L. Van Wyck effective April 16 was appointed manager-Smithfield Business Information Services to replace E. A. Flinter who has resigned. Mr. Van Wyck will also continue to perform his duties as manager-Business Information Systems at Eden.

Spencer Named Board Member Of NAA Group

Ted L. Spencer, a systems analyst in the Data Processing Department, Eden, has been elected a director of the Piedmont Chapter of the National Association of Accountants.

Mr. Spencer was named director of communications and will have responsibility for the chapter's monthly newsletter. He has been a member of the NAA for three years and served as an associate director last year.

The Piedmont Chapter includes 300 members engaged in accounting, finance, and related fields in towns and cities within a 50-mile radius of Greensboro. William R. Lacey, of Western Electric Company in Winston-Salem, is the newly-elected president.

How Much Is A Billion?

A mathematician has computed how much a billion dollars really means.

If you stood over a giant hole and dropped a \$20 bill into the hole every minute, it would take 95 years to drop a billion dollars.

It's a lot easier to drop \$200 or \$300 by unwise buying. Remember to see your credit union before signing your name to any purchase contract.

A Company's Most UNWANTED Employees

(NOTE: This series of cartoons is being used through the courtesy of Sonoco Products Company, Bill Redding, artist.)

Mosy Mike always has a good excuse . . . overslept, well, you name it and he has used it. He just can't seem to ever catch up in his work and is constantly complaining that he is overworked. It's a sure bet that, with this sad sing-song and his disregard for time, he's not too popular with his fellow employees.

S. S. Change Will Benefit Disabled Widows

There are hundreds of disabled widows in this area who could receive social security benefits by filing an application, stated W. L. O'Brien, District Manager of the Greensboro Social Security Office.

Mr. O'Brien states that in March, because of a change in the law, social security checks were mailed to many disabled widows for the first time, and that there are many others who could qualify by applying. Under this new provision of the law, certain totally disabled widows may now receive benefits on their deceased husbands' records if they are at least age 50. This new provision also applies to certain disabled widowers and certain divorced wives who meet specific support requirements. To receive these new disability benefits, the disability must have occurred no later than seven years after the spouse's death or within seven years after previous entitlement to social security benefits has ended.

Anyone who believes he is eligible

for these benefits should contact the nearest social security office. The social security office for the Greensboro area is located at Room B-2, 324 West Market Street, Greensboro, North Carolina.

Towel Mill Honors Top Weavers, Fixers

The leading weavers and loom fixers at the Towel Mill, Fieldale, Va. are listed below for the most recent periods of record.

In order to encourage quality and efficiency in the weave room, the mill gives recognition to the operators with the best records. Names of the top weavers and fixers are posted on the weave room bulletin board and published in *The Mill Whistle*.

The "top" weavers are those with the lowest percentage of seconds with respect to the standards for the various loom groups.

The most outstanding loom fixers are determined through a combination of quality and loom efficiency on the sections for which they are responsible.

Weavers—W/E April 14

Dobby Terry Lloyd Nester
Jacquard Terry John Haynes

Fixers—W/E April 14

Dobby Terry Melvin Woodward
Jacquard Terry Woodman Allen
