Mr. Rathburn began his career with

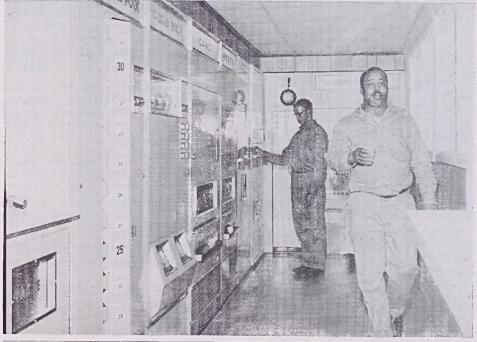

MONDAY, FEBRUARY 17, 1969

Something new has been added at the Blanket Finishing Mill, Eden. It's the new canteen for the Beck Dye Department. The canteen was recently enlarged and relocated in an enclosed, air conditioned area.

The room was paneled and a tile floor installed. The ceiling was lowered and new lighting put in. A battery of the latest-type vending machines was installed along with a dollar bill changer, an oven and a service bar and stools.

Also enlarged and remodeled was the canteen at the Non-Woven Blanket Mill. The canteen room there also is in an air conditioned, enclosed space with paneling, modern lighting, and a tile floor. All of the existing equipment was repainted and modernized and an oven and a service bar were added.

The picture at left shows a part of the new canteen in the Beck Dye Department. Shown below is the modernized canteen at the Non-Woven Blanket Mill. Employees in the lower picture are Alexander Wilson, at left, and Harold Scales.

the Company as a temporary employee in Marshall Field & Company's Retail Advertising Department in the fall of 1928 while Mr. Rathburn was attending art school in Chicago. In February, 1929, he became a full-time member of the Art Department.

In June, 1936, he was given the responsibility of the Production Department, overseeing the purchasing of all printing supplies and the general production of all advertising. He spent 25 months in the Army during World War II.

Mr. Rathburn was transferred to New York in March, 1946, as assistant to the sales promotion manager of Marshall Field & Company's Manufacturing Division. In 1948, he was named advertising manager and continues to serve in that capacity.

Mr. Thompson, whose service record was reported in the last issue of The Mill Whistle but whose picture was not available at the time, is a native of Franklin County, Va. He completed 40 years of continuous service with the Company January 28. He has worked as a doffer at the old Lily Mill, Nantucket, Rhode Island, Blanket and Bedspread Mills.

He became a shuttle filler at the Rayon Mill in 1940 and later worked as a weaver and as a warp hanger. He was employed in the Karastan Mill in 1957 and was a floor worker until he became a weaver in 1962. He continues to work in the weaver classification.
