

# Frank Barron Heads Christmas Seal Drive

Frank E. Barron, manager of the Bedspread Mill, is chairman for this year's Christmas Seal campaign for the Rockingham - Caswell - Stokes Tuberculosis and Health Association. Mr. Barron is also serving his second term as president of the local association.

The colorful Christmas Seals, the only fund raising activity of TB associations, have been mailed to about 20,000 area residents. Mr. Barron said this campaign is strictly by mail—no one calls at homes or on the telephone.

"We would like for people to use the seals now," Mr. Barron said, "so as to bring them to the attention of other people and encourage them to use their seals and make their donations to the tuberculosis and health association. We also would like to get returns in from people who have received the seals as soon as possible."

Mr. Barron stressed the importance of the Christmas Seal campaign by pointing out that tuberculosis has not been licked as many people think. He said this is still a prevalent disease, and in addition, there is a great increase in other respiratory diseases such as em-

physema and bronchitis. Money contributed during this campaign, Mr. Barron said, is used to fight such respiratory diseases, as well as for research, public education, therapy and future planning.
