'Good Enough' Is Not Good Enough

"Good enough" — an attitude too often accepted these days in schools, in government, and in industry — has resulted in lack of pride and a scarcity of quality workmanship. (How long has it been since you were really satisfied with a service performed for your family?)

Some say the mediocre is becoming the rule, the average, acceptable; and "good enough," the standard.

But competition, the yardstick of worth, still demands the best in a person. The man and the company who succeed in today's vigorous world market competition must be dissatisfied with just "good enough.

Today's methods and equipment will not be good enough in tomorrow's markets. Recognizing the need for excellence, for constant improvement — being dissatisfied with anything but the best — is the key to success.

Use it — or someone else will. And those who do won't have to learn the hard way that ultimate failure is the result of just "good enough" work.

"Good enough" is simply not good enough.

W. J. Garrett Promoted To Superintendent

WILLIAM J. GARRETT

William J. Garrett, section foreman of finishing, was promoted to superintendent of burling and finishing at the Karastan Rug Mill effective January 1. Mr. Garrett, a native of Columbus, Ga., joined the Karastan Rug Mill in June, 1959, immediately after his graduation from Georgia Institute of Technology with a B. S. degree in textile manufacturing.

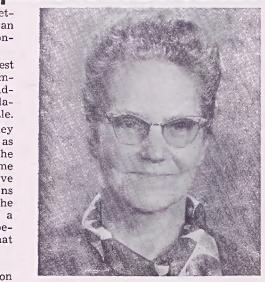

A reserve officer, he was called to active duty with the Army in November, 1959, and served until May, 1960, as a second lieutenant in the Corps of Engineers.

Upon his return, he rejoined Karastan and worked through the mill under the management trainee program. He worked on special projects before becoming a shift foreman in the Finishing Department in February, 1961. He had been section foreman since October, 1965.

BURLIE T. GILLEY

Burlie T. Gilley Completes 40-Years' Service

Burlie T. Gilley, of the Draper Sheeting Mill, on January 7, completed an outstanding record of 40 years of continuous service with the company.

She has been presented the Fieldcrest diamond-and-gold 40-year service emblem, a \$40 gift certificate at the Fieldcrest Store, and a letter of commendation from President William C. Battle.

A native of Cascade, Va., Mrs. Gilley joined Fieldcrest January 7, 1932, as an inspector in the Cloth Room of the old Nantucket Mill. In 1934 she became a battery hand in the Nantucket Weave Room. After the sheeting operations were consolidated at Draper in 1937 she worked as a pickout hand, and as a smash and pickout hand. In 1954 she became a draw-in hand and works in that classification at the present time.
