

### J. Frank Wilson **Birthday Fete**

(Continued From Page Three)

in community and civic activities, holding positions of leadership various in organizations and movements in Martinsville and Henry County and in Eden and Rockingham County when he lived here.

In the early years he served as a Henry County supervisor and as chairman of the Board of Supervisors. He was president of the Virginia Manufacturers Association and for many years Democratic was county chairman for Henry County.

When he was at Eden he served as chairman of numerous important war-time fund drives, including the Red Cross, USO, war bonds, Boy and Girl Scouts funds and other civic movements. He was a director of the North Carolina Textile Foundation and a member of the Inter-State committee of the Young Men's Christian Association of the Carolinas.

Mr. Wilson is remembered by many for his interest in baseball. An ardent fan, he for many years was well-known to players and fans throughout the section. He was the first president of the old Bi-State Baseball League and later was vice president of the Tri-City Baseball Club.

While living in Martinsville since his retirement from the Company, he has been active in many areas of community life. He served one year as a city councilman and then was Mayor of Martinsville for six years.

A native of Madison, Mr. Wilson married the former Franz Hahr Dobbs of Marietta, Ga. They have a daughter, Mrs. Franz W. Smith, of Martinsville. Mr. and Mrs. Wilson live at 901 Mulberry Road in Martinsville.

# Three Complete Long Records Of Service

Three Fieldcrest employees have recently completed outstanding records of 45 years of continuous service with the Company. They are T. Rufus Ray, an inspection and project engineer; William C. Soots, a change fixer at the Fieldale Towel Mill; and Roy G. Whitten, a section foreman at the Karastan Rug Mill.

Each has received the Fieldcrest diamond-and-gold 45year service emblem, a \$45 certificate for Company merchandise and a letter of commendation from President William C. Battle.

Mr. Ray has continuous service since January 1, 1929, when he was employed as a shipper in the Bedspread Storage and Shipping Department. He later worked as a checker at the Blanket Finishing Mill and as a second hand in the Bedspread Weave Room.

He was a checker in the Bedspread Cutting and Sewing Department and then became a second hand in that department. He was foreman and later superintendent of the Automatic Blanket Mill at Eden and later at Smithfield. He was transferred back to Eden in 1962 upon his appointment as inspection and project engineer in the Engineering Department.

Mr. Soots began continuous service also on January 1, 1929. He started as a loom cleaner in the Weaving Department at the Fieldale Towel Mill. He has

(Continued from Page One)

"Cooperation has been excellent at all locations," he said.

To date, the Columbus Towel Mill has achieved the greatest reduction in energy usage while at the same time increasing production time.

"Columbus employees are to be commended for their outstanding efforts," Mr. Farrell said.

Monthly reports are being made by each location in order to compare usage for this year

Burling Department in foreman of that department 1942, and section foreman 1970, serving nearly 37 yearse supervisor in that department

and the preceding year. The amount of energy use reduction

is determined from these

comparisons. According to Mr. Farrell, the measures already accomplished which are proving the most effective include stopping all leaks of water, air and steam, cutting off of all unnecessary lights, reduction of exhaust and lowering of temperatures in all offices and in mills where specific temperatures are not required for operation.

The 10 percent reduction in energy usage should be sufficient to keep all mills operating at present levels providing the weather does not turn abnormally cold, Mr. Farrell said.

**Effect on Distribution** In the area of distribution of products, no immediate

#### problems resulting from their shortage seem at ha according to W. R. KN division vice president industrial engineering a distribution.

# Car Pool Project Advance

#### (Continued from Page One)

not he or she wishes to participate in a car pool.

Those employees who do not wish to participate will be asked to give the information as to where they live anyway in the event they change their minds later.

It is hoped that a large number

Some 75 percent of employees indicated they interested in joining a carl plan. The names of employees were then main according to routes and the returned on December 1 those wishing to participale.

NCF employees are also M urged to ride motorcycles bicycles to work and a spin parking area has been set as for these vehicles.

The amount of dividends paid for this most recent period represent an increase of \$18,867 over dividends paid for the same period a year ago which totaled \$110,695.

Dividends paid for the first six months of 1973 amounted to \$120,399.

The December 31, 1973, dividend was at the rate of 6 percent per annum. This rate was made effective July 1, 1970 and was the fifth increase in dividend rates since the establishment of the Credit Union.

If any member does not receive his statement or has any question concerning his account, he should contact the Credit Union Office.

of Fieldcrest employees will participate in the plan as it will not only be a means to conserve gasoline but will also save the employee money.

Voluntary gas rationing by gas station operators is already in effect in most areas. Actual coupon rationing has not been ruled out by the government and could be effected at any time. Increases in the price of gasoline have occurred during the past few weeks and various government representatives have predicted that these costs will continue to rise sharply.

**NCF Plan In Effect** 

Many employees at the North Carolina Finishing Company are already participating in a car pool plan.

On November 21, questionnaires were sent out to the approximately 700 NCF employees concerning car pools.

"NCF employees are enthusiastic about the plan are participating in 1 numbers. We feel the program highly successful," said R Bell, area personnel mana SAVE GAS ... AND MON JOIN A CAR POOL.
