High School Students Visit General Offices

Two groups of high school students have visited the General Offices in recent weeks.

On April 2, a group of 15 office occupations students from Morehead High School toured the offices. These were co-op students who work part-time and attend school part-time. Following their tour, the group enjoyed refreshments and then heard a short talk by Patsy Barton, secretary to H. H. Newton, vice president-industrial relations, on the many

opportunities offered by Fieldcrest.

On April 9, 35 students from Reidsville Senior High School toured the General Offices. They were accompanied by Mrs. Gilliam and Mrs. Woods, instructors. Following the tour and refreshments, Lou Stophel, secretary to Dr. L. H. Hance, vice president, research and engineering, spoke to the students about some of the things which help make a good secretary.
