TV Women Visit Plants At Eden

Fieldcrest Mills was host April 9 to a group of 12 women's program directors from television stations across the country for mill tours and a luncheon.

The group spent two days in the Greensboro-Eden area in visiting textile companies under the sponsorship of the Public Relations Division of the American Textile Manufacturers Institute, Charlotte.

The television women were given guided tours of the Karastan Rug Mill and the Bedspread Greige Mill Weave Room at Eden and the Foremost Screen Print Plant at Stokesdale. While at Eden they were guests of the company at a luncheon at Meadow Greens Country Club and visited the Fieldcrest Store.

At each of the mills visited they were given general information about the operation in pre-tour briefings and then were divided into small groups for guided tours of the plant.

Accompanying the visitors were representatives of ATMI.

During tour of Bedspread Mill Weave Room, group of television women are shown with W. A. Mumpower (left) superintendent of weaving, slashing and quilling.

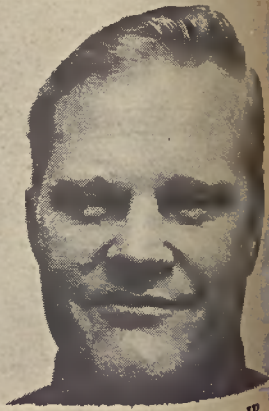

Appointments At Columbus

Two organization changes have been announced at the Columbus Towel Mill, effective recently. Richard J. Kelly, Jr. has joined the company as a shift foreman in the Spinning Department and Jimmie W. James has been promoted to a shift foreman in the Carding Department.

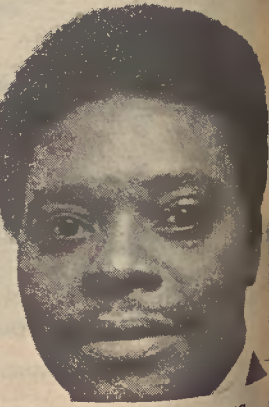

Mr. Kelly, prior to joining Fieldcrest, was employed by the Cartersville Spinning Company. He is a graduate of Jordan High School in Columbus and has attended Columbus Vocational Technical School where he had courses in refrigeration, heating and air conditioning. He and his wife, Rita, live on Washburn Avenue in Columbus with their two children.

Mr. James, also a graduate of Jordan High School, has been employed at the Columbus Towel Mill since 1963. He has worked in various production capacities including roving frame tender, section man and frame fixer.

He holds a degree from Columbus Vocational Technical School in tool and dye making. He and his wife, Pansy, live on 8th Street in Phenix City with their three children.

during May for all the doffers who participated in the national tournament. Each doffer will receive a certificate of achievement from the American Textile Manufacturers Institute. The winning doffer in each division will receive a grand prize of \$1,750. The runner-up in each division will receive a \$1,000 prize.

Fieldcrest's two champion doffers will each receive a trophy and other awards from their respective mills and from the general management.

The first national superdoffer tournament was held in 1973.

The 1976 tournament was held at the giant Textile Hall in Greenville, S.C., where 55 doffers, 34 warp and 21 filling, participated. The competition began April 12 and the final rounds were held on April 22.
