

Safety Barbecue Served To Foremost Employees

Employees at the Foremost Screen Print Plant enjoyed a safety barbecue in honor of their outstanding safety record of 653,201 total hours worked without a lost-time accident.

Ranking second in company-wide safety, Foremost employees have worked an average of 4,036 hours per employee, with no disabling injury. Their last lost-time accident occurred on September 4, 1974.

A special guest at the barbecue was M. D. Rochelle, president and general manager of the North Carolina Finishing Company and the Foremost Screen Print divisions. Also attending was Mack Johnson, assistant safety director of Fieldcrest.
