

Fieldcrest Truck Drivers — They excel at safe driving.

Safe Driving Their Specialty

Fieldcrest's 18 over-the-road truck drivers logged in excess of two million safe miles during 1976. Each of these drivers averages more than 100,000 miles each year.

The company's four local drivers each averaged 8,000 safe hours in the Eden-Fieldale-Stokesdale area during 1976.

"Every one of these employees is to be congratulated," said John T. Goodson, traffic manager - bed and bath fashions.

"Their outstanding safety performance as well as their prompt and efficient delivery of both finished products and raw materials are an

important part of Fieldcrest's success."
