 Phillip Marshall

## Savings Bonds

(Continued From Page One)

easy way to save money. They are backed by the federal government and so are virtually indestructible. Any bond that is lost, stolen or destroyed will be replaced at no charge.

"Savings Bonds can provide a nest egg for your child's education, a supplement to your retirement, vacations, or just everyday emergencies."

Series E Bonds guarantee an interest of 6 percent compounded semi-annually when held to maturity of five years. There is also a guaranteed 10-year extension period.

Interest is exempt from state and local income taxes. Federal tax may be declared annually or deferred — a big advantage when you are saving for education or retirement.

Keep in mind the dates of the campaign — June 20 through June 24 — and remember, too, that arrangements for bond purchases may be made right in your own department by contacting your supervisor.
