

Let's Support Our Paper

There are two reasons why we should support our paper. First, it is the emblem of progress. It shows the ambitions, the school spirit, the reactions to the subjects offered, and views on current events. It is the character of the student body.

Second, you can keep posted on the campus activities by reading the Dialette. In order to make the paper more interesting much material is needed. Our paper offers a means of developing literary talent. Whether you can write short-stories, editorials, feature-stories, or poetry ... the student body is welcome to turn in any material to be published.

Let us pull together one hundred per cent and show our real school spirit.
