Students Honor Faculty

The Student Government Association sponsored a Teacher Appreciation Day Tuesday, March 20. Each teacher was given a name tag to wear all day, and students wore colorful tags to classes which said "We Appreciate You". The day was climaxed by a steak dinner in Assembly Inn for all Montreat-Anderson College administration, faculty, and students. "The General Assembly" performed during the dinner. The birthdays of Silas Vaughn, President of the college, and Elizabeth Wilson, faculty member and housemother, were recognized. Letters of appreciation were given to each member of the MAC faculty and a special charm was given to both Florence Reed, housemother for McGregor Hall, and Elizabeth Wilson, housemother for Montreat-Anderson Hall; both women are retiring this year after a total of 32 years of service. Dr. John Newton was given the first annual Faculty Award, which includes a trip to St. Andrews University in Scotland for three weeks this summer.

COLLEGE OF THE MONTH

Montreat-Anderson College was presented as the "College of the Month" in the display windows of the Teachers Insurance and Annuity Association Headquarters in New York City. The display was on exhibit during February.
