??? Good Advice ???

Dear Lady,

Please don't take me wrong I believe in public display of affection, but this case has gone too far. They sit in the lobby and, well... you can't tell where one body begins and the other one ends. They are glued together form the lips to the hips. What would be a nice way to let the know that their actions are really causing some heavy

problems?

Sincerely,
Disgusted

Dear Disgusted,

Pour Cold water on them, hit them with a rolled up newspaper and just say-NO!!

Dear Lady,

I've got this major problem with my roommate who gets up a 6:00 AM and

turns the lights and the radio on while I'm still sleeping! What do I do?
Desperately Seeking Sleep

Dear Desperately Seeking Sleep,

The next time this happens say "Excuse me but could you turn the light off, I'm really tired." If your roommate takes offense at this, have a talk with them explaining your feelings.
