APATHY

MONTREAT : APATHETIC BUT WHO REALLY CARES ANYWAY ?

By **BOB GRAHAM**
Editor

That's right, Apathy is **KILLING** our campus and we don't care. To understand the problem, we must first understand what apathy is: The American Heritage Dictionary defines apathy as, "1. Lack of emotion or feeling. 2. Lack of interest in things generally found exciting (**LIKE SPORTS**), interesting (**LIKE CULTURAL EVENTS**), or moving (**LIKE VESPERS**); indifference." The sad part is that a majority of those who are reading this article don't care and thus they are apathetic and, therefore, the root of the whole problem.

You're eyes are not failing you, I said that **WE**, the entire student body, are the root of the problem. We can't look over our shoulders. If we want to find the problem we must look in the mirror. That same weekend we heard several people complaining that there was nothing to do. What's wrong with this picture? **APATHY!** 2. The last issue of the Aletheia carried the story on the new Plus-Minus grading system. We heard several people complaining that the new system of grading wasn't fair, we encouraged them to write to the paper and express their opinions. They didn't; **APATHY!** 3. Students complain that Student Government Association (SGA) is ineffective and silly. Of course it is, **NOBODY CARES!** It was asked in the last issue of the paper that some of you attend an SGA meeting and find out what's happening
