

Men's Basketball

By: Sarah Whitecotton
Staff Writer

The 1990-91 men's basketball team for Montreat-Anderson College is coached by Steve McNamara. This is his fourth year coaching at the college level, with much experience and wisdom gained in his many years of experience. The team consists of eight sophomores

and four freshmen. The Coach states that several players do have the potential to play for larger colleges, "several sophomores could be division 1 players, but it is still early to say,"

Last year's team set a school record of 21 wins and the coach has high expectations for this year's team to improve. Commenting on some

of the team's strategy, the coach stated, "We are competitive if we are playing like we should be. The strongest point in the team is our strong aggressive defense that creates our offensive hand in hand."

Education also plays an important part of the athlete's schedule. This year's team members are only allowed one class

cut during the semester, they have a monitored study hall four nights a week and are required to maintain a 'C' average (Coach's policy). "This meets the national eligibility. We would be cheating the players if we did not care about their education." Coach McNamara stated.

Next home game is Friday, Dec. 9, at 7:30.

True Christmas Story

When (the wise men) had heard the King, they departed; and lo, the star, which they saw in the east, went before them, till it came and stood over where the young child was.

When they saw the star, they rejoiced with exceeding great joy.

And when they had come into the house, they saw the child with Mary his mother, and fell down, and worshipped him:

and when they had opened their treasures, they presented unto him gifts; gold, and frankincense, and myrrh.

--Matthew 2:9-11
