Cavalier Baseball Rolls on

As of today, April 6th, the M-AC baseball team stands at eight wins out of ten games played. This score shows the spirit and determination of the baseball team. Last week the baseball team defeated Lakeside College and Milligan College Jayvees (9-1 and 4-1 doubleheader).

In the defeat of Milligan College there were several highlights. Travis Poole, second baseman, had a hitting record of three for three, rais-

ing his batting average 60 points. During the second game Keith Allen only gave four hits, walked three and struck out seven hitters. In the *Black Mountain News* coach Zonder stated that their recent victories are due to hitting, "The team started hitting better, raising their batting average about 45 points." Pitching has reached a greater level of stability, the team earning a 3.43 run average throughout the 16 games.

Constitution

...from page one

the Honor Code. These include lying, cheating, hazing, and stealing. Honor Court may give out harsh punishments, some of which may now be appealed. If you receive a punishment of disciplinary probation or higher, you may appeal it to the Administrative Committee. Smaller punishments like room restriction are final and may not be appealed.

Until this year there has never been any definite written procedures for fundraisers. The new constitution now deals with this and includes several guidelines. They include having a typed proposal of the fundraiser and obtaining approval for it by the SGA and the Development Office. If an organization plans to raise money next year through a fundraiser one needs to take a closer look at

these procedures before beginning.

Overall, the purpose of the new constitution is to clarify any hazy subjects which will allow students a better understanding of what it is all about. Even though these changes may seem small or unimportant to some of you, they affect the student body as whole and knowledge is power!

The leading forces in these changes were Al Goodman, Matt Haney, Naj Alicea, Reid Cavnar, Judy Davis. In addition, Dean Hargrove and Mrs. Andrews were advisors to this committee. Much time and effort was expended in this action to improve the constitution of M-AC. The student body as a whole owes a thank-you to all who contributed their knowledge and concern in the action of changing our constitution to help it work better for the students.
