## Shakespeare

Cont. from Page 1  
to keep an edge on things, and so this play will please everyone all the more. **As You Like It** is just this play.

**As You Like It** is one of Shakespeare's most popular comedies and tells the story of the lovers Rosalind and Orlando who flee the city for the pastoral setting of the forest of Arden, a place where physical beauty and tranquility of spirit replace the harshness of life at court, and where love flourishes. Within this lyrical and romantic setting, Shakespeare introduces some of his most

brilliant and witty characters: Touchstone, the clown; the banished Duke Senior; the simple country shepards, Phoebe and Silivius, and the melancholy philosopher, Jacques, who observes that "all the world's a stage."

The college is very excited about this first year production coming to Montreat-Anderson College. [We encourage all students to come to the free production and encourage all faculty and staff to participate for only \$6.00.]

## Memories Cont. From Page 1

Coach Barrett urges the Cavaliers to victory against Toccoa Falls came near a close, balloons filled with glittering confetti were dropped from the ceiling.

Overall, Homcoming was a great success. Many new memories were made and will last a lifetime.

My body was totally suspended by the air; it took my breath away. The wind was so loud that I could barely hear any other sound. The force of the wind was pushing me higher, higher, then suddenly I lost my stability and in a split second I was falling. I tucked into a ball and landed on the cushion; it was a successful flight.

Flyaway in Pigeon Forge, Tn. is an indoor

# Explosive Adventurers

skydiving center. This was the first trip of the T-N-T Adventure Club this year. On Sept. 21 a group of 17 people got a taste of what skydiving is like. The adventure club is relatively new at Montreat. This is the second year and the interest is growing.

The purpose of the club is to "allow students, faculty, and staff to participate in activities that will challenge them physically, intellectually, emotionally, and spiritually."

To be a member of the adventure club you must do the following: attend 10 meetings (bi-weekly Wed. at 9:00 in the science lecture hall), participate in 5 events during the 91-92 school year, take part in 2 service proj-

ects, and pay a \$5 fee. For those interested, it is not too late to join.

Some possible activities of the adventure club range from bike touring, canoeing, and camping to hangliding, cliff diving, and bungee jumping. There are relaxed as well as intense adventures coming up this year; this allows members to pick and choose which events they want to participate in.

Soren Kierkegaard once said "to venture causes anxiety, but not to venture is to lose one's self . . . and to venture in the highest is precisely to become conscious of one's self." This is what the adventure club is all about.

This year Stuart Nanney is the President of the

club; Trish Lewandowski is the Vice-President; and Catherine Martin is the secretary/treasurer. These student are doing an excellent job and are excited about the club. Stuart Nanney said "it is an excellent opportunity to challenge oneself with new exciting activities and to experience life on the cutting edge."

This year the sponsor for the adventure club is "Mr. Daredevil himself", the notorious Brad Daniel. He enjoys the activities as much or more than the students. He led a group on a 35 mile bike tour down the Blue Ridge Parkway a few weeks ago, and he will continue to be involved in the activities throughout the course of the year.
