# A NEW ERA IN M-AC SPORTS

## -Volleyball Gets A New Coach and Conference

By Jennifer Gunsch

The Lady Cavaliers Volleyball Team began their season this past Saturday against Lee College. The Lady Cav's are facing a great challenge this year by entering into a new conference, the Tennessee Valley Athletic Conference. This conference is more demanding and competition is of a higher caliber. The girls are also being challenged by having

an almost new team. The team only has four returning players. Seven freshman, three sophomores and one Junior make up this year's squad.

Darin Chaplain is quoted as saying "The girls will work hard, make tremendous improvements, and be competitive." The Volleyball Team would appreciate everyone's support and would like everyone to come and watch them play.

## MONTREAT SOCCER

# - CAV'S ROUT MILLIGAN 5-0

By Phil Parker

Another season has officially begun for this year's action of fast paced and bone-crushing Cavalier Soccer. With seven returning players consisting of Tommy Wallace, Rob Magee, Quent Johnson, Greg Starr, Jeff Wray, Erik Brown, and Aki Suzuki, the new recruits will also look to add depth and skill to the team. From the looks of their play against Brevard and last Wednesday's scrimmage, the team is definitely competing at a higher caliber than their competition. The Cav's dropped to Brevard late in the game 3-2 while holding a steady 1-0 lead through most of the game. Brevard is predicted to rank nationally this year and despite the loss the Cav's

made a grand entrance to prove to everyone that this year will be a landmark season. Coach Barrett backs the hype by saying that, "This is the best team Montreat-Anderson has ever had." The players are a real close-knit family with high hopes of victory through commitment. Rob "Potsy" Magee says that "the skill is doubled from last year and the players seem to be more committed. We look ahead to a national title, but most importantly we play like a family; from the heart,

and we always play to kick butt." Looking forward to the competition, Coach Barrett thinks that the

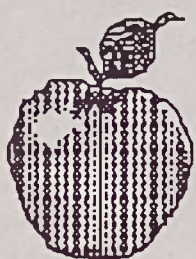

the opponents should be much tougher, however, the Kicking Cav's should do just that, come out kicking. This year's team should definitely live up to all the hype and expectation of winning everyone is hoping for. So check Your Schedule and Support Your Cav's to
