NEXT WEEK'S HOROSCOPE

BY SALOME
FOR RELEASE WEEK OF JULY 6, 1981
If your birthdate occurs this week... A change of mind matters much this week. Providing means to find what you seek.

Aries Mar. 21 - Apr. 19 **Mars**
Feeling too sheepish to demand your rights, Arian Ram or Ewe? Well, bah to that. Although you're in an unaccustomed state of bashfulness and somewhat confused, spin yourself a new charming yarn again.

Taurus Apr. 20 - May 20 **Venus**
The signs continue to favor the artistic Taurean Bovine who won't be cowed by any attempt to bully him or her into abandoning their standards. In romance, the Taurean will find a willing Aries.

Gemini May 21 - June 20 **Mercury**
Spiritual matters make the Gemini native aware of his or her inner needs. Meditation reveals some interesting insights. In financial matters, check the temptation to write a check until the deal is checked.

Cancer June 21 - July 22 **Moon**
Last week's lovers' quarrels turn into this week's much-needed exercises in understanding. The Cancer Crab is under the influence of the more soothing aspects of his or her moon sign.

Leo July 23 - Aug. 22 **Sun**
This is a good week for Leos to seek out other Leos for fun, finance and even romance as well. All shared Leonine activities prove interesting. Reading between the Lions is a nice way to spend a summer's day.

Virgo Aug. 23 - Sept. 22 **Mercury**
Weighty matters need long-awaited attention now. A Virgo can lose it if he or she really wants to shed poundage. The stars indicate any well-meant resolution is favored this week. Write that long-delayed letter.

Libra Sept. 23 - Oct. 22 **Venus**
The well-balanced life of the Libran is slightly tip-tilted this week as Venus exerts her powers to turn heads towards romantic matters. Turn this tendency to good advantage in your private life, of course.

Scorpio Oct. 23 - Nov. 21 **Pluto**
Although things look puzzling this week, stick to your plans and keep your mind set on your goals. Temporary upsets set up the unsettling conditions. Get set for still more surprises.

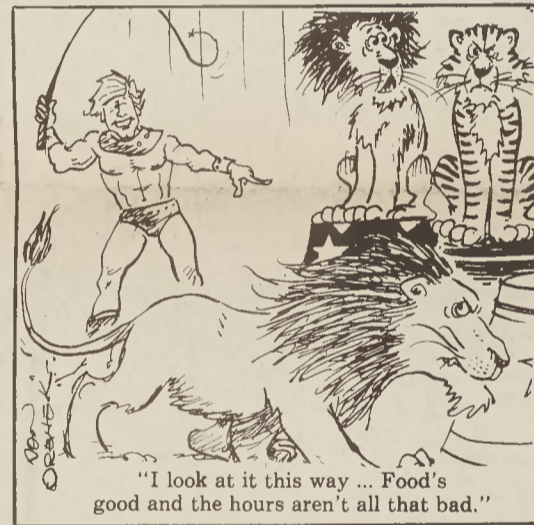

Sagittarius Nov. 22 - Dec. 21 **Jupiter**
Jupiter reigns over the Sagittarian star path and this week Jupiter really rains down a hail of new experiences. New love beckons from a Taurus. Wedded Sagittarians find their home lives more exciting.

Capricorn Dec. 22 - Jan. 19 **Saturn**
Capricornian Goats need to handle touchy situations with kid gloves. Butting in doesn't help. Old pals help you get through a low period. Beware, though, of those who are interested only in their own ends.

Aquarius Jan. 20 - Feb. 18 **Uranus**
Your kindness once again provides its own rewards. Goals you set earlier become more available now as friends and allies rally to help. Check your mail. One letter may need to be reread more carefully.

Pisces Feb. 19 - Mar. 20 **Neptune**
The Piscean Fish will brook no interference in his or her determination to break out of a stagnant puddle. But before you try to avoid all attempts to help, pay attention to those friends who can warn of problems ahead.

Laugh Out

Judge: "This man's watch was fastened in his pocket by a safety-pin. How did you manage to get it?"
Prisoner: "Well, Judge, I usually get \$100 for five lessons."

LITTLE FARMER
By KERN PEDERSON

Tele-trivia Unscramble answer below.

This heartthrob's stormy romances and athletic mishaps make headlines. He paid for acting lessons with a series of odd jobs, and may have even waited on you if you dined at New York's Sign of the Dove restaurant several years ago. Name this star of a popular hit series.
