MARCH 1939

NO 2

A COMMERCIAL FIELD TRIP PLANNED

THE LYDIANS

The "famous" Lydian Club of Montreat College held its regular monthly meeting Feb. 27. Miss Burton, director of the Lydians, discussed the trips to be taken by the club to Asheville during March and April. After other business had been discussed, the members played "short-hand bingo." Instead of numbers on the cards, there were short-hand characters, and in place of corn, candy popcorn was used-- and afterwards eaten!

Jokes written in shorthand were put on the board. Ruth Merchant was the final interpreter!

The meeting was then adjourned. The girls went to their rooms with the happy thought of a future field trip in their minds.

FIRST GROUP TO GO MARCH 27
Another Group to go April 3

At the last meeting of the Lydian Club, definite plans were made and announced to the members concerning the field trips to be made in March and April.

The commercial students have been looking forward to such a trip with delight. Now that the time is almost here, their joy is even greater.

The first group will go March 27, and the second group on the first Monday in April.

The students will have the privilege of visiting the plant of The Asheville Citizen-Times and seeing the evening paper in the process of being published. Other business organizations to be visited have not yet been decided upon.

Last year an enjoyable trip was taken to Asheville by the Commercial Department. The girls found the results of the trip very helpful and informing. We hope that even a greater benefit will be derived from the trip of this year.

All the members are urged to go. Come on, support your club by helping yourself!

ANN SCRUGGS ELECTED PRESIDENT OF STUDENT BODY

At an election held March 11, Ann Scruggs was elected president of the student body for next year.

We are sure that Ann will make a splendid student-body president, and we salute her!
