

LOOK HERE FRITZIES!

For German Propaganda We Would Show Our Menu.

When the deluded Teuton soldiers are eating half rations of cow beans for breakfast, cow beans for dinner and cow beans for the evening meal we would like to call their attention to the "starvation rations" of the Sammies.

A few thousand copies of the Sunday dinner menu card, dropped from a balloon into a German camp, might go a long way towards ending the war. Here is what the enlisted men of the base hospital had placed before them, at noon, on last Sunday:

Roast Lamb
Mashed Potatoes
String Beans
Gravy
Bread
Peach Shortcake
Chocolate Ice Cream
Drink—Grape Juice.

When the excellent flavor of the cooking of Laske and his men is added to the above bill of fare it can be readily understood why we sing "It's great to be enlisted in the army."

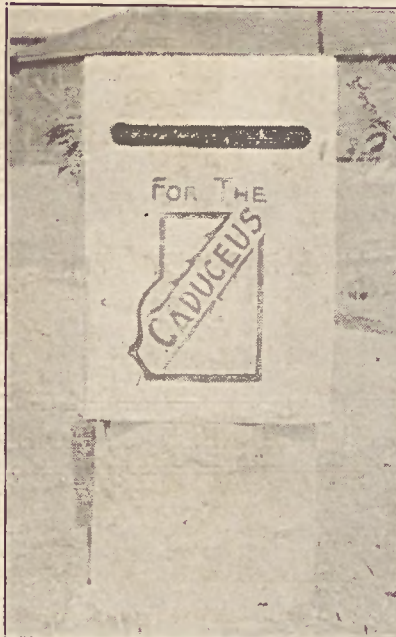

BRILLIANT AFFAIR**OFFICERS' DANCE MARKED SUCCESS.**

One of the most brilliant social affairs of the year for Camp Greene was the dance given by the base hospital officers, at the officers' quarters on Thursday night.

Colonel Kennon, camp commander, was in attendance. Major George Renn did the honors for the base hospital.

Most of the officers of the hospital and the officers' wives were present. Nearly all the nurses from the R. N. A. N. C. were there.

The quarters were tastily decorated for the occasion. The Piedmont orchestra furnished music.

THE WHITE SENTRY**CHALLENGES YOUR IDEAS.**

The "white sentries" of The Caduceus are not mail boxes. They have been posted at the most centralized points to receive contributions, suggestions, subscriptions and objections to The Caduceus. Like all live publications The Caduceus wishes to receive the expression of the best thoughts of all the people in the district it represents and has taken the means of putting out the white boxes in order to save steps for those who would place their ideas on paper.

This announcement is made in order to save The Caduceus from a possible bankruptcy. Dozens of hospital patients and members of the enlisted force have taken the "white sentries"

HIGHEST GRADE

Private Leroy Sellers, dental assistant at the base hospital, made the highest grade for Camp Greene at the recent psychological examination. His grade was 380 out of a possible perfect grade of 412.

The showing also does credit to the camp as the Camp Greeneleaf record is 344 for the highest grade. Sellers is a graduate in law from Indiana State University.

CAPTAIN ILL.

Captain Thomas S. Crowe, detachment commander, suffered an attack of kidney trouble on Thursday. He was removed to the officers' ward. For a time his state was considered critical. He was much improved on Friday evening.

for mail boxes. We have mailed every letter found in The Caduceus boxes in order to carry out our ambition of service. At least eighty letters have been mailed during the past week. Part of the letters were unstamped. We stamped the letters because we did not know to whom they belonged. We have drained The Caduceus treasury of thirty-nine cents in so doing.

These "For The Caduceus" sentries are located at the Y. M. C. A.; between barracks 6 and barracks 7 on the detachment row; under the old oak tree, at the end of the base hospital No. 54 company street; in front of the nurses home; at the junction of the central runway and the C row covered walk; on the B row at the central runway and in front of the laboratory.

The general orders for The Caduceus sentries are that all progressive ideas, news items and witty articles prepared at the base hospital should "advance and be recognized."
