## WINS ANOTHER

### BASE HOSPITAL TAKES OVER SIXTEENTH BY 13 TO 4.

The Base Hospital baseball team met and defeated the Sixteenth Company of the Third Regiment last Saturday afternoon. The score was 13 to 4 and proved to be quite a try-out game for the entire team, every man in the squad getting into the game except Roberts and Martin, who are on the sick list. The pitching of Hoffman was quite a surprise to the fans. He held the Mechanics to three hits until the ninth when he loosened up a bit. Zecha got his customary four hits again and Driscoll contributed a homer and a three-bagger.

## HOW ABOUT IT?

A series was being arranged with the Medical Supply Depot team but apparently it has fallen through. We imagine that 6 to 6 tie they held us to enlarged their heads a bit, so they came at us hammer and tongs. Well, we are waiting; how about it, Manager Brill?

## CALLED OFF.

The proposed fistic carnival that was to have been held at the base hospital last Monday evening has been postponed indefinitely. It will be announced later just when these bouts can be arranged satisfactorily.

## WILL TRY HARD

This afternoon at 4 o'clock the Base Hospital team will play the team representing the 3rd Regiment of Motor Mechanics at Wearn Field in Charlotte. The team has been practicing every night this week and we are sure we will be able to defeat the Mechanics. We want every one who can possibly get off for the afternoon to be down at the field and root for the team. A team without a following is no good at all, so please save your voice for that time and be sure and use it then without restriction.

## STOP MANY DRIVES

## WE BANK ON THESE.

The men standing in order from left to right are Boudreau, short stop; Raymond Hughes, center fielder and Driscoll, right fielder of the base hospital nine. They are credited with scores of clever catches since the brilliant season of the hospital team started.

## BASEBALL BREVITIES.

Another victory last Saturday. Let's hope they pile up.

The team held election of a captain last week, and Joe Lawler was the unanimous choice.

"Bo" Boudreau was a little peeved at his lonely hit. Never mind Bo, we got enough.

Has anyone taken the red Catcher's glove? If so, kindly return it to K. J. D.

Driscoll hit in good style last week. A little practice, though, Dris.

## NIP AND TUCK

### DARKNESS STOPS DRAW GAME OF BASEBALL.

One of the most interesting games of baseball ever played within the confines of the camp, was played between the base hospital and the medical supply depot Thursday evening. The game ended in a 6 to 6 tie.

For the medical supply the battery work of Jones (pitcher), and Noble (catcher) stood out most prominent. Although the thrilling catch of "Goody" Rosenshine in middle field must not be overlooked.

Martin on first base played a brilliant game both on the field and at bat for the base hospital nine. Boudreau's hitting and Hughes' fielding also contributed materially in adding interest to the game.

The rooters of both teams are already clamoring for another meeting and this will be complied with as soon as the managements can get together.

## WHO WAS WHO IN ATHLETICS

Sgt. "Doc" Woollard was a jockey in England for six years. Woollard has ridden nearly all the large tracks of Europe.

"Quoits" is rapidly becoming an interesting form of exercise and amusement.

Joe Lawler hasn't donned his uniform as yet. He surely is in hard luck.

"Bobbie" Roberts' arm is rounding into fine shape now, and we can expect some good results from his never-ceasing workouts in the rear of his tent.

Did you think you saw Hal Chase on first base last week? No, no, it was "Lefty" Fields.

Ray came right back strong with "Well, others would have done it too, if they were capable of writing the English script." (No names mentioned.)

Well, there is some honor anyway Joe, not all of us have the chance to spend 6 bits in the canteen. (Nor the 6 bits either).

Sergeant Craig held up Hoffman in old time form. And besides he hit them good, too.

When the votes were counted there was ONE for Hughes. Right away Dewey O'Connor accused "Little Top" of voting for himself. Can you imagine that?
