

UNDER THE CROSS AND TRIANGLE

HARRY HERZFELD

J. H. DOWNIE

TRANSFERRED.

Two more familiar faces are being missed since Sunday from Knights of Columbus building, Secretaries W. H. Walsh and Edmund Lenihan leaving for service in other camps of this country.

Secretary Walsh, who has been with us for the past month, is now at Charleston, supervising the arranging and equipping of a newly completed building. This will undoubtedly require two weeks to accomplish. After finishing this mission, Secretary Walsh intends retracing his steps and settling again at Camp Greene.

Early Sunday morning "ole boy" Ed Lenihan turned his back on Charlotte and pointed towards Paris Island, S. C., where he is bound to make himself liked with the Marines as he was here. Secretary Lenihan was also at this camp a month, and the boys are sorry to see him off.

NEW K. OF C. SECRETARY.

All you boxing fiends tread your way to K. of C. Building No. 1. We have with us Mr. Martin Byran, known to the fistic world, as "Marty Burns," flyweight champion of Staten Island, N. Y. He has fought such prominent battlers as Frankie Daly, now boxing instructor at Camp Upton, Willie Murphy, and others.

"Marty" is a wizard at the science of self-defense, and all interested in learning a few "pointers" call around and get acquainted.

BACK AGAIN.

Rev. Mr. Welch, religious secretary, has returned from a ten-day conference at Blue Ridge, and has resumed his duties as ward visitor.

THE DAYS OF YORE.

Hundreds of boys stooped over desks with pen in hand, each engrossed with the idea of presenting the news and reassuring those at home of their welfare, heedless—as in a trance—of all the disturbances and distractions around. The Columbia and Pianola completely hidden from view by other khaki boys tensely listening as if in deep reflection. A line of impatient fellows yearning for an opportunity to show their skill at pool. And here and there is an easy chair, feet on railing, lads absorbed in the reading of an interesting magazine or book.

Gone are these stirring days of yore with its picturesque crowded and overflowing buildings and the hustling Knights of Columbus secretaries.

But General Secretary John W. Kehoe has eagerly grasped this opportunity lull in preparing and planning extensively for the imminent storm. He again foresees the days of ago and promises to release a few surprises when the new men arrive.

MOVIE NIGHT.

The usual movie night was held at the Hospital "Y" Tuesday and although it was one of the hottest nights of the season the audience was of unusual numbers and a great five-reel W. S. Hart picture, "Blue Blazes Rawden," was shown. Mrs. W. S. Willis presided at the piano during the entire evening and added in no small way to the enjoyment of the show. Beginning next week two programs of movies will be shown weekly.

ENGLISH CLASSES.

Classes in "English for Foreigners" will be opened early next week in the hospital "Y" and will be under the direction and taught by Camp Educational Secretary, C. M. Oliver.

All men desiring aid and improvement in the use of English are urged to register with any of the "Y" secretaries before Tuesday of next week.

FROM HOOSICK FALLS.

From Hoosick Falls, N. Y., comes J. H. Downie the new K. of C. secretary at the base hospital. He takes the place of Arthur J. Donnelly who goes to Camp Jackson, at Columbia. Secretary Donnelly has been a live wire and his services will be much missed but his successor is entering into his labors with spirit.

NOT NEGLECTED.

During his recent visit to Camp Greene, Major J. G. Stephenson, supervising engineer of the camps under the jurisdiction of the southeastern department, made statements to the effect that our camp was not being neglected and that we were having the same improvements made here that were being made at the other camps.

He added that the roads here compared very favorably with those of the other camps and that the greatest handicap in the rapid improvement of the army cantonments was the lack of material, but that this condition was rapidly being taken care of so there was no cause for anxious thoughts regarding Camp Greene.
