

ONE SOLEMN PURPOSE

We hold up this clarion appeal for loyal action before the men between the ages of 18 and 45 who are to register for military service on September 12th. They are the words of President Wilson and embodied in his registration proclamation:

"We solemnly purpose a decisive victory of arms and deliberately to devote the larger part of the military man power of the nation. * * * * It is the call to duty to which every true man in the country will respond with pride and with the consciousness that in doing so he plays his part in vindication of a great cause at whose summons every true heart offers its supreme service."

RECONSTRUCTION

ENJOYED AUTO RIDE.

(By Sergeant RAY J. DERWORT.)

Several of our patients, nine to be exact, enjoyed the hospitality of Mrs. McCausland in an auto trip in and about Charlotte last week. Patients in this ward are allowed passes to go auto riding any afternoon and several people from the city have taken the boys for short trips which are immensely appreciated. Anyone wishing to take patients riding can make arrangements by calling phone number 55 Base Hospital. Those who enjoyed the kindness of Mrs. McCausland were: Bay, Becker, Handel, Dawber, Armstrong, Lee, Kitchen, Lufgren and Hoffenburg.

WISE AND OTHERWISE.

Serious Accident.

Stanek our good natured artilleryman met with a serious accident Monday. It seems that when mess call sounded he started for the place of assembly not thinking that he was to be the victim of an accident when suddenly and without warning Hoffman, our star chow connei seur rushed into him and threw him violently to the floor. Stanek was picked up more alive than dead and after taking stock of his injuries found that in falling he had broken a dollar bill and had a misplaced eyebrow. He suffers much less of self respect as a result of not beating Huffman to the head of the line. At last reports his condition was satisfactory.

Handel, the genial smiling patient of this ward has had more Ailments than a Medical Dictionary. Some of them follow: Measles, Tonsillitis Acute, Abscess Paritonsilir, Incission of Paritonsilir Abscess, Otitis Media

VISITS FARM

EXPERT LOOKS GROUND OVER.

Among the visitors at the hospital on Labor Day was Mr. R. L. Jefferies of the North Carolina Agricultural Experiment Station, who inspected the land apportioned for use as the hospital farm, in company with Captain William W. Cornog, the detachment commander.

He was well pleased with the work that had been done and stated that soil was of a "good sort" and that it presents some very "good opportunities."

Our faultless tailor, Sol. Infeld, is again on the job in the canteen after a ten days' leave in Ohio.

NOT WHOLE ARMY.

A Yankee "doughboy" in the Philippine insurrection was knocked out by a bullet in the leg.

As he lay there helpless, unable to drag himself to a place of safety, two more bullets whisked up and imbedded themselves in other parts of his body. At the third hit he raised himself painfully and, shaking his fist in the direction of the Moros, shouted:

"Shoot some one else, you blood-thirsty murderers. I'm not the whole American army!"

—From the Medical Journal.

acute, Mastoiditis Acute, Mastoidec-tomy, Pneumonia, Jaundice, Toxie, Septiquimia Acute, Otitis Media Acute, Otitis Media acute, Empyema, Tachycardis, and others too numer-ous to mention, yet he always greets you with a smile. Take notice you fellows who only have a "TUMMIE ACHE."
