

CAMP Q. M. C.

Sgt. Fuqua will no doubt be a life-long believer of the motto: "If at first you don't succeed, try, try again." At present he is enjoying a much needed rest "where the cotton, corn, and sweet potatoes grow.

Sgt. Longmore has quite recovered from a recent sickness, and smiles again afloat over the chief clerk's desk.

Corporal B. Schwartzburg visited camp Sunday. He, with five others of our corps, are running Q. M. things at the new tank camp at Raleigh, N. C.

MOTOR LIFE.

Sgt. Scanlan says "Irvin please have a heart this week." But as ever one knows the Caduceus spares no one. So beware Sgt.

We are very glad to announce the promotion of Pvt. Stratemeyer to the rank of Cpl.

Sgt. Guthrie likes to spend his evenings in front of the Mercy Hospital. But no one seems to find the attraction but himself.

Pvt. Bedard has returned from a furlough, which he spent in San Francisco. It seems as tho the air out there did not agree with him as he has been on the sick report since his return.

Sgt. Braun would like to meet the sweet veiled girl that lalled him on the phone last Monday night. He has all the sleuths of camp working on the case. I think he will have success Saturday if not sooner.

Pvt. Sillman says, "I do not want to go to the dance tonight, but if I don't I know that she will cry." Pvt. Sillman must be in love. And also the company would like to know what he means by she.

Sgt. Braun is thinking of corresponding with a school teacher in China. We all wish him great luck. But why go so far Sgt. When we have so many pretty girls in Charlotte.

The happy surprise was the wedding of Pvt. Benj. White. All of the boys gave him their most sincere congratulations. And we wish him a long and happy married life.

FORM MASONIC CLUB

At a meeting of the Masons of Camp Greene, Thurs. night, the Camp Masonic Club of Camp Greene, was organized. Capt. Everhardt was made president, Sgt. C. O. V. Johnson, Sect., and Maj. Greene, Treas.

The Masonic Lodges of Charlotte have already named their committees for the raising of a building fund, and it is expected that the construction of Lodge and Club rooms, will begin in the near future.

DON'T FORGET.

Some few issues ago an article appeared on the Officer's Page of The Caduceus in reference to the upkeep of the tennis courts. The reply of the Q. M. C. was a statement that the telephone number was inside 19, and that this department did not run a mental telepathy department with its other duties. Desires should be expressed. Then, some one conceived the idea of making their wishes known in the form of a request. Immediately work began on the courts. Three days following another article appeared on the Officer's Page of the Caduceus stating that "the court was originally started by Lt. Wagner, former Quartermaster of the hospital, but that somehow in the shuffle it got lost.

The foregoing has convinced the Quartermaster that someone is asleep, and has forgot to wake up. The request was made on Wednesday afternoon and the work was immediately started on Thursday morning. Due to the fact that there is a new sewer line being installed in the hospital, and as it is necessary to cut through the middle of the court, another article will appear in the next issue of the Caduceus that the court needs leveling. DONT FORGET TELEPHONE NUMBER IS INSIDE 19.

DONLEY RETURNS.

Cpl. Donley is back again after his leave of ten days spent in rounding up pleasure on his ranch in Massachusetts
